A resolution to propose to the people of the State of California an amendment to section 31 of article IV of the constitution of the State of California, relating to the giving or lending of public credit.

The Legislature of the State of California, at its regular session commencing on the fifth day of January, 1925, two-thirds of the members elected to each of the two Houses of the Legislature voting in favor thereof, hereby proposes an amendment to section 31 of article IV of the constitution of the State of California to read as follows:

SEC. 31. The Legislature shall have no power to give or to lend, or to authorize the giving or lending, of the credit of the State, or of any county, city and county, city, township or other political corporation or subdivision of the State now existing, or that may be hereafter established, in aid of or to any person, association, or corporation, whether municipal or otherwise, or to pledge the credit thereof, in any manner whatever, for the payment of the liabilities of any individual, association, municipal or other corporation whatever; nor shall it have power to make any gift or authorize the making of any gift, of any public money or thing of value to any individual, municipal or other corporation whatever; *provided*, that nothing in this section shall prevent the Legislature granting aid pursuant to section 22 of this article; and it shall not have power to authorize the State, or any political subdivision thereof, to subscribe for stock, or to become a stockholder in any corporation whatever; *provided, further*, that irrigation districts for the purpose of acquiring the control of any entire international water system necessary for its use and purposes, a part of which is situated in the United States, and a part thereof in a foreign country, may in the manner authorized by law, acquire the stock of any foreign corporation which is the owner of, or which holds the title to the part of such system situated in a foreign country.

Provided, further, that nothing contained in this constitution shall prohibit the use of State money or credit, in aiding veterans who served in the military or naval service of the United States during time of war, in the acquisition of, or payments for, farms or homes, or in projects of land settlement or in the development of such farms or homes or land settlement projects for the benefit of such veterans.

The California Veterans' Welfare Bond Act of 1921 (Statutes of 1921, chapter 578), as enacted at the forty-fourth session of the Legislature of the State of California, authorizing the issuance and sale of State bonds in the sum of $10,000,000, for the purpose of creating a fund to carry out the provisions of the California Veterans' Welfare Act, providing land settlement for veterans (Statutes of 1921, chapter 580), and the provisions of the "Veterans' Farm and Home Purchase Act," providing farm and home aid for veterans (Statutes of 1921, chapter 519) is hereby approved, adopted, legalized, validated and made fully and completely effective irrespective of the vote that may be cast upon the proposition of approving or disapproving such Veterans' Welfare Bond Act of 1921 at the general election of November 7, 1922. All provisions of this section shall be self-executing and shall not require any legislative action in furtherance thereof, but this shall not prevent such legislative action.

And provided, still further, that notwithstanding the restrictions contained in this section, the treasurer of any city, county, or city and county shall have power and it shall be his duty to make such temporary transfers from the funds in his custody as may be necessary to provide funds for meeting the obligations incurred for maintenance purposes by any city, county, city and county, district, or other political subdivision whose funds are in his custody and are paid out solely through his office. Such temporary transfer of funds to any political subdivision shall be made only upon resolution adopted by the governing body of the city, county, or city and county directing the treasurer of such city, county, or city and county to make such temporary transfer. Such temporary transfer of funds to any political subdivision shall not exceed 85 per cent of the taxes accruing to such political subdivision, shall not be made prior to the first day of the fiscal year nor after the last Monday in April

REPORT OF JOINT COMMITTEE.

The following report of the joint committee appointed to investigate and report upon the conditions at Delhi was received and ordered printed in the Journal:

To the Members of the Senate and Assembly.

In January, 1925, this Legislature adopted Assembly Concurrent Resolution No. 9, which provides as follows:

"WHEREAS, It appears that considerable refinancing of the State Land Settlement at Delhi will be asked at this forty-sixth session of the Legislature and that it is advisable that this Legislature have full first-hand information as to the conditions at Delhi; therefore

Resolved by the Assembly, the Senate concurring, That a committee of six members, consisting of three members of the Assembly and three members of the Senate, be appointed by the Speaker of the Assembly and the President of the Senate, respectively, to visit Delhi during the constitutional recess and to fully inquire into the situation at Delhi and to report back its findings to this Legislature soon after its reconvening February 24, 1925."

The undersigned, constituting the joint committee appointed under this resolution, pursuant to its terms, visited the Delhi Settlement during the constitutional recess and made a careful investigation of the existing conditions.

Your committee went over a considerable part of the land of the settlement, called upon a number of the settlers, discussed their problems, held informal hearings at which a number of the settlers appeared and gave their views. We also had a formal hearing at which all settlers, who requested it, were permitted to testify and at which representatives of the former and present administrations of the settlement testified orally and filed as exhibits elaborate statements of the financial conditions and needs of the settlement. A stenographic report of these formal proceedings, together with said exhibits, is filed herewith.

Your committee's findings as to the conditions at Delhi are as follows:

(1) That the State purchased the Delhi land, consisting of about 8400 acres, and installed an irrigation system, utilizing underground concrete pipe, during the period of high prices that prevailed in 1919 and for a few years thereafter.

(2) That it sold more than half of the land to settlers during the same period on long term contracts on a first payment of five per cent of the purchase price. The remaining portion of said land is still unsold, and consists of approximately 3300 acres.

(3) That the average size of each settler's farm is about 26.6 acres and the average price per acre agreed to be paid is about $229. This includes land, water right and main pipe line, but not individual pipe.

(4) That the average date of existing contracts with settlers is about October 1, 1921.

(5) That the average cost to the settler in planting his land, erecting buildings, residence and other improvements is about $3,762.56, or about $141.60 per acre.

(6) That the amount required each year to meet payments to the State, taxes, irrigation taxes and irrigation maintenance is about $33.49 per acre.

(7) That the average initial capital of these settlers was about $3,000, though many were accepted who had much less.

(8) That a great part of the acreage has been planted to fruit, which will not produce for several years. That 38% of the farms have produced no income to date, and for those that have, the average has been $451.20 per farm, or an average of about $17 per acre.

(9) That State funds for Delhi have been depleted. The loans promised to settlers for use on their farms have not been made in many instances.

(10) That Delhi settlers have suffered in common with all other agricultural interests due to well known economic conditions affecting farmers in general.

(11) That a large number of the settlers have invested their original capital in this land and improvements and a large number have borrowed money from the State for improvements and equipment. Their only property interests consist of equities in the lands and equipment and they are unable to borrow from private sources, consequently a large number of these settlers are unable to meet their obligations to the Land Settlement Board.

(12) The project as a whole has been, and now is, a financial failure. The settlers were led to expect too much; in several instances they were granted greater loans than the Land Settlement Act permitted.

In a number of instances chattel mortgages were made by settlers to the board securing loans made by the board. Later the mortgaged chattels were sold by the mortgagors and the loans were not repaid to the board.

Furthermore, in addition to the general expectation of more help than is economically sound or larger loans than was financially or legally proper, many of the settlers came to the colony with the distinct belief that the State would act as a sort of guardian angel or Santa Claus and "see them through", as they expressed it.

The final consideration of this problem has led your committee to recommend that the State of California should never enter into another land settlement scheme.

(13) The above mentioned conditions demonstrating the general failure of the plan, added to the fact that the settlers have been unable to meet their obligations to the Land Settlement Board and to the further fact that a portion of the land purchased was of nominal value only, has prevented the Land Settlement Board from making the payments due by it to the State according to the terms of the Land Settlement Act. All of these facts and conditions have tended to raise the average price of the land sold as well as those lands to be sold and have materially aided in preventing the sale of more tracts of land.

(14) That many of the settlers are not able to finance themselves and, unless the State will finance them, as they were led to believe, when they agreed to purchase this land, they will undoubtedly abandon their contracts and the State will have the partially developed land on its hands.

(15) That the reduction in farm values has been so great, averaging 33⅓% or more since the purchase and improvement of these lands by the State, that a corresponding change in its prices will necessarily have to be made if the unsold lands are to be sold and the sold lands are to remain sold.

(16) That the present expense of administration has been reduced to practical necessities only, except that the State still pays the chairman of the Land Settlement Board an annual salary of $6,000. This expense is not now necessary.

(17) That the present administration of the settlement is highly efficient and economical.

As a conclusion from these findings your committee recommends legislation as follows:

(1) An appropriation of $250,000 to pay existing obligations and operating expenses, to be repaid to the State with interest.

(2) An appropriation of $350,000 for the Land Settlement Board with which to pay to the State its arrears in interest, which is merely a method of balancing the books of the Land Settlement Board.

(3) An amendment to the Land Settlement Act authorizing a reduction in price of unsold lands and a revision of existing contracts with settlers to meet present price conditions.

(4) An act to limit the interest chargeable upon moneys heretofore appropriated for the purpose of carrying out the provisions of the Land Settlement Act and providing that no interest shall be charged to the Land Settlement Board from the

first day of July, 1925, or from the date the act takes effect, in case the latter date is subsequent to July 1, 1925, and up to June 30, 1930.

Your committee has prepared and offered bills for the above purposes. It believes that the suggested legislation offers the best solution of the Delhi problem, and it is the opinion of your committee that if the legislation herewith proposed is enacted that no further appropriation to or on behalf of the Delhi settlers and Land Settlement Board will be necessary and no such further appropriations should ever be allowed.

Respectfully submitted.

(h) It shall be the duty of the county clerk or registrar of voters to furnish a sufficient number of blanks for declarations and sponsor certificates as provided herein without cost.

No defect in any declaration or sponsor certificate presented shall prevent the filing of another declaration or sponsor certificate within the period allowed for presenting the declaration or sponsor certificate.

(i) The secretary of state, city clerk, county clerk or registrar of voters shall preserve in his office, for a period of four years, all candidates' declarations and sponsors' certificates filed in accordance with this section.

(j) Each signer of a sponsor certificate must be a qualified elector, must not at the time of signing a certificate have his name signed to any other certificate for any other candidate for the same office, or, in case there are several places to be filled in the same office signed to more certificates for candidates for that office than there are places to be filled for such office.

(k) The secretary of state before any primary election shall cause to be printed in pamphlet form a copy of all declarations received by him, said declarations to be followed by the names, addresses, and occupations of all sponsors. The pamphlet shall contain the declarations and sponsor lists of all candidates for state offices, United States senators, representatives in congress, and all officers to be voted for in districts comprising more than one county, and shall be printed with the same general order of party officers and candidates as is provided in this section and subdivision for the pamphlet to be issued by the county clerk or registrar of voters.

Said secretary of state shall furnish not later than thirty-five days before any primary election to each candidate one copy, and to each county clerk or registrar of voters at least five copies of said pamphlet. He shall also furnish to each county clerk or registrar of voters a copy of the declarations and a list of sponsor certificates, including addresses and occupations, of all candidates for state senate or assembly, and all candidates for delegate to state conventions, to be voted for in the county to which such copy and list is sent; provided that in the case of such candidates to be voted for wholly within one county or city and county, the secretary of state need only refer to the declarations and sponsor certificates already on file in the office of the county clerk or registrar of voters.

The county clerk or registrar of voters shall immediately upon receipt of said copies of such pamphlet add thereto the declarations of all candidates for state senate and assembly and delegates to state conventions, together with the names of all sponsors, their addresses and occupations and print a sufficient number and mail one copy of said pamphlet to each registered voter with his sample ballot. As soon as said pamphlets are printed the county clerk or registrar of voters of each county or city and county, shall file one copy with the secretary of state and send one copy to each candidate whose declaration of candidacy is printed therein.

The names of candidates and sponsors shall be printed in black face type, the names of the candidates to be in capital letters. The size of the pamphlet shall not exceed six by nine inches. Said pamphlets shall be headed in large type "Information concerning candidates to be voted on at the primary election" and below this shall be printed in black face type the following: "Retain this pamphlet until the November election for information concerning candidates nominated at this primary election." These pamphlets shall be printed with appropriate headings and shall contain, first, the names of all candidates of that party whose candidate for governor received the highest vote at the last gubernatorial election, secondly, the names of all candidates of that party whose candidate for governor received the second highest vote, and so on. For parties which had no candidate for governor the order shall be as determined by the secretary of state. Every candidate who is the candidate of more than one party shall have his declaration of candidacy printed under each party for whose nomination he is a candidate, together with the list of party sponsors who have proposed his nomination by such party. Under each party division of said pamphlet shall appear all the offices for which nominations are to be made, and under the name of each office the names of all party candidates for such office, the names of both offices and candidates to appear in the same order in which they

are to appear upon the primary ballot, as provided in section twelve of this act. After the lists of all party candidates with their respective declarations of candidacy and sponsor lists, shall appear, in the order of offices and names of candidates provided for the primary ballot, all judicial and school offices to be voted on in more than one county, with the declarations of candidacy and sponsor lists for the several candidates under each of said offices. In all counties where there is more than one assembly district a separate and distinct pamphlet shall be printed for each assembly district.

(*l*) Nothing herein shall be construed as prohibiting the independent nomination of candidates as provided by section one thousand one hundred eighty-eight of the Political Code, as said section reads at the time of said nomination; except that a candidate for whom a nomination paper has been filed as one of the candidates for nomination to any office on the ballots of any political party at a primary election held under the provisions of this act, and who is defeated for such party nomination at such primary election, shall be ineligible for nomination as an independent candidate, or as a candidate named by a party central committee to fill a vacancy as provided in section twenty-five of this act, for the same or any other office at the ensuing general election; and no person shall be permitted to file nomination papers for a party nomination and an independent nomination for the same office, or for more than one office at the same election. Nor shall any person whose name has been written in upon any ballot or ballots for any office at any primary election, have his name placed upon the ballot as a candidate for such office at the ensuing general election, except under the provisions of said section one thousand one hundred eighty-eight of the Political Code, or of section twenty five of this act providing for the filling of vacancies by party central committees, unless at such primary election he shall have received for such office votes equal in number to one per cent of all votes cast for such office at the last preceding general state election.

(*m*) The officer with whom declarations of candidacy are filed shall keep a record in which he shall enter the name of the candidate, the title of the office, the party, if any, the names of the sponsors and the time of filing.

(*n*) The provisions of this section of the direct primary law shall not apply to the May presidential primary election, but nominations under the provisions of the presidential primary act and under the provisions of section one thousand one hundred eighty-eight of the Political Code shall be made through the method of nomination papers provided by the direct primary law as it existed in 1919.

8. When a person for whom a declaration certificate has not been filed is nominated for an office by having his name written on a primary election ballot, he must pay the same filing fee that would have been required if his declaration certificate had been filed, otherwise his name must not be printed on the ballot at the ensuing general election.

9. When a candidate for nomination to office is proposed for nomination by more than one political party, he must pay a separate filing fee for each party in which he is proposed for nomination; or if, having filed a declaration certificate for one party, he is nominated by another party having his name written on a primary election ballot, he must pay the same filing fee for such other party nomination that would have been required if his declaration certificate for such other party had been filed; otherwise his name shall not be printed on the general election ballot as the nominee of such other party.

SEC. 4. Section eight of said act is hereby amended to read as follows:

Sec. 8. The county clerk shall immediately pay to the county treasurer, and the registrar of voters in any city and county shall immediately pay to the city and county treasurer, all fees received from candidates. SEC. 5. Section ten of said act is hereby amended to read as follows:

Sec. 10. At least thirty days before any August primary election preceding a November election the secretary of state shall transmit to each county clerk or registrar of voters of any county or city and county, a certified list containing the name and post office address of each person for whom nomination papers have been filed in the office of such secretary of state, including the candidates for delegate to a state convention, if any, from a "hold-over senatorial district," and who is entitled to be voted for in such county at such primary election, together with a designation of the office for which such person is a candidate, and except in the case of a judicial office or a school office of the party or principle he represents. Such county clerk or registrar of voters shall forthwith, upon receipt thereof, publish under the proper party designation the title of each office (except a judicial office or a school office) which appears upon the certified list transmitted by the secretary of state as hereinbefore provided, together with the names and addresses of all persons for whom nomination papers have been filed for each of said offices in the office of the secretary of state, and also the names of all candidates for the state senate and assembly when such candidates are to be voted for wholly within one county or city and county, and for the county central committee, filed in the office of the county clerk or registrar of voters. He shall also publish the title of each judicial office, school office, county office, and township office, together with the names and addresses of all persons for whom nomination papers have been filed for each of said offices, either in the office of the secretary of state or in the office of the county clerk or registrar of voters, and shall state that candidates for said judicial, school, county, and township offices may be voted for at the primary election, by any registered, qualified elector of the county, whether registered as intending to affiliate with any political party or not. He shall also publish the date of the primary election, the hours during which the polls will be open, and that the primary election will be held at the legally designated polling places in each precinct, which shall be particularly designated. It shall be the duty of the county clerk or registrar of voters in any city and county to cause such publication to be made once each week for two successive weeks prior to said primary election.

SEC. 6. Section twenty-five of said act is hereby amended to read as follows:

Sec. 25. No candidate whose declaration certificate has been filed for any primary election can withdraw as a candidate at such primary election. No candidate nominated at any primary election can withdraw as a candidate at the ensuing general election except such as are permitted to withdraw by this section. In case as a result of any primary election a person has received a nomination to any office without first having filed a declaration certificate, and having his name printed on the primary election ballot, he may at least thirty-one days before the day of election cause his name to be withdrawn from nomination by filing in the office where he would have filed his declaration certificate had he been a candidate for nomination, his request therefor in writing, signed by him and acknowledged before the county clerk of the county in which he resides; and no name so withdrawn shall be printed on the election ballot for the ensuing general election. The vacancy created by the withdrawal of such person as aforesaid, or on account of the ineligibility of such person to qualify as a candidate because of the inhibitions of subdivision (1) of section five of this act, or by reason of the failure of a party to nominate any candi-

printed and published within the proposed metropolitan water district, and no other or further notice of such election or publication of the names of election officers or of the precincts or polling places need be given or made. It shall be competent, however, for the governing body of the initiating city or the governing body of any city within the proposed metropolitan water district in its discretion to order and provide for the publication of additional notices of such election in such form and substance and by such publication or posting as shall, in the judgment of the board ordering such posting or publication, be desirable or necessary to apprise electors affected thereby of the fact of such election and the nature of the proposition to be submitted. Such additional notice shall not be jurisdictional and failure to give such additional notice or defects or irregularities therein shall not affect the regularity of such election nor the validity of the incorporation of any district.

(*h*) The ballot used at such election shall contain the words "Shall the territory embrace within the corporate boundaries of the city of _____ become a part of the _____ metropolitan water district" (inserting the name of the city or water district as the case may be wherein such ballot shall be used and the name of the metropolitan water district as stated in the initiating ordinance) and the words "Yes" and "No" accompanied by voting squares set opposite thereto so that any elector may record his vote either for or against the proposition.

(*i*) When such election shall be held separately or shall be conducted concurrently with any other election but by the use of separate ballots, such ballots shall be counted by the respective election boards and the returns thereof shall be made to the governing board of the initiating city, which body, at its first regular meeting occurring five days after such election, shall canvass the returns and declare the result thereof.

In the event that any election held hereunder shall be consolidated with any primary or general election and the proposition herein provided for shall be printed upon a ballot containing other propositions, the returns of the election held hereunder shall be made with the returns of the primary or general election to the boards of supervisors or other bodies whose duty it shall be to canvass the returns thereof, and the results of the election held hereunder shall be canvassed at the time and in the manner provided by law for the canvass of the returns of such primary or general election. It shall be the duty of such canvassing body or bodies to promptly certify and transmit to the governing body of the initiating city a statement of the result of the vote upon the proposition submitted hereunder in each of the respective cities, the returns for which shall have been made to such canvassing bodies. Upon the receipt of such certificates it shall be the duty of the governing body of the initiating city to tabulate and declare the result thereof.

The governing body of the initiating city shall certify to the Secretary of State the proceedings had together with the result of the election, separately stating the names of the cities in which a majority of the electors voting upon the proposition shall have voted affirmatively, provided however, that the total number of electors in such approving municipality shall be not less than two-thirds of the total number of electors within the district as proposed in the original ordinance according to the register used at such election.

The Secretary of State shall within ten days after the receipt of such certificate of election issue a certificate of incorporation reciting that the district named in such certificate of election has been duly incorporated according to the laws of the State of California, and naming the municipalities of which said district shall be composed as shown by such certificate of election, which municipalities shall be those in which the majority of electors voting on the proposition of incorporation shall have voted affirmatively. The Secretary of State shall transmit to each such municipality a copy of said certificate of incorporation. The incorporation of any metropolitan water district shall be and become effective from and after the date of the issuance of such certificate of incorporation, and each such district shall thereupon and thereafter become vested with all of the rights, privileges, and powers in this act provided."

By Senator Taylor:

LONG BEACH PARLOR NO. 239, N. S. G. W.,
LONG BEACH, CALIFORNIA, March 9, 1925.

Honorable Cadet Taylor, Sacramento, California.

DEAR SIR: In behalf of Long Beach Parlor, N. S. G. W., and all natives of California in this vicinity, we are asking you to exert your influence toward the passage of Senate Bill No. 727.

The enactment of this measure will give our State Historical Association at Berkeley a new lease of life that they may continue their work of historical investigations, history-teaching, pageant-planning, etc., for our great State.

Should this bill fail of passage, we fear that our Historical Association will find it necessary to cease to function and much of their work will be left incompleted and other work of their line held in abeyance for years to come.

In view of the fact that other states provide ample funds for this character of work, we deem it only fair and right that our State should do likewise.

Therefore we most sincerely urge you to devote much energy to the passage of this bill, Senate Bill No. 727.

Very truly and sincerely yours,

HAROLD W. LEEDOM, President.

DR. S. T. LUCE, Financial Secretary.

By Senator Handy:

POINT ARENA, CALIFORNIA, March 14, 1925.

Mr. Fred C. Handy, Sacramento, California.

MY DEAR MR. HANDY: As a Californian, a student and teacher of history, I am vitally interested in the passage of Senate Bill No. 727 now before the Legislature. There is little need to call to your attention the value of the splendid work carried on by the California State Historical Association and its predecessor, the California Survey Commission. It is work which our State can not afford to drop, but which can not be continued by subscription and private contribution; the Association must have some support from the State.

Will you not help us by voting for the bill and asking your friends in Assembly and Senate to do likewise?

Very truly yours,

RUTH M. McGINTY.

UKIAH PARLOR NO. 71, N. S. G. W., UKIAH, CALIFORNIA.

WHEREAS, There is now pending before the California State Legislature, Senate Bill No. 727, which provides for the establishment of the California State Historical Association, and which has for its object the promoting of interest in and disseminating knowledge of the history of the State of California; and

WHEREAS, The romantic history of California is one of its real assets, and constitutes one of the greatest advertisements which any State can ever acquire, being as it is, a magnet to the tourist, and every tourist being a potential homeseeker; and

WHEREAS, Almost every other state in the Union has a state historical association devoted to the interests of the state which it represents and the local history thereof, many of which are over fifty years old and have demonstrated in many ways and many times over their real worth and value; and

WHEREAS, The present California State Historical Society, which has in the past done so much good for California in the way of advertising our assets exhibiting our inducements to homeseekers, must, unless said bill becomes a law, pass out of existence and be no more, and whereas such would be a serious loss to our State; now therefore be it

Resolved, By Ukiah Parlor No. 71, N. S. G. W., in regular meeting assembled that said bill ought to pass and become a law and we do unanimously favor its passage and do urge upon our legislative representatives that they exert their utmost influence toward that end.

By J. R. FIGOVE, President.

Nothing in this act shall be construed as preventing the use on a motor vehicle of any headlight lamp, device or equipment heretofore approved by the division until December 31, 1924, unless such approval is revoked in accordance with the provisions hereof. After December 31, 1924, it shall be unlawful to use on any highway in this state any headlight lamp, device or equipment which shall not have been approved by the division as in this act provided.

Nothing in this act shall be construed to prohibit the use, on any motor vehicle manufactured prior to the year 1920 and registered at the time this amendment takes effect, of headlights, the current for which is derived from a magneto without the use of a battery, until September 1, 1927, provided such headlights are equipped with lenses, reflectors or headlight control devices otherwise required under this act.

Nothing in this act shall be construed to prohibit the use on any motor vehicle at any time of any device for furnishing electric current for the headlights thereof which the division shall determine produces a current which is substantially constant, and of sufficient voltage and which is substantially equal to that produced by a battery, provided such headlights are otherwise constructed, arranged and adjusted as required in this act.

SEC. 15. Section one hundred fourteen of said act is hereby amended to read as follows:

Sec. 114. Business and residence districts defined. (*a*) A "business district" for the purposes of this act shall mean the territory contiguous to a public highway when fifty per cent or more of the property fronting on such highway for a distance of three hundred feet or more is occupied by buildings in use for wholesale or retail business. All roads and highways within the grounds of a state university or state, county or municipal institution shall be deemed to be within a business district for the purposes of this act.

(*b*) A "residence district" for the purpose of this act shall mean the territory contiguous to a public highway not comprising a business district, as defined herein, when the property fronting on said highway for a distance of not less than one-quarter of a mile is occupied by dwelling houses or business structures which are not more than an average distance of one hundred feet apart.

(*c*) Every public highway shall be deemed to be outside of a business or residence district unless signposted, as provided in this act, and in any action at law, either civil or criminal, every public highway shall be conclusively presumed to be outside of a business or residential district unless its existence within a business or residential district shall be established by clear and competent evidence as to the nature of the district and as to the presence of such signs as are required by this act.

SEC. 16. Section one hundred thirty of said act is hereby amended to read as follows:

Sec. 130. Signals on turning. (*a*) The driver of any vehicle upon a public highway before starting, turning or stopping such vehicle shall first see that such movement can be made in safety, and if it can not be made in safety, shall wait until it can be made in safety; then, if the operation of any other vehicle may reasonably be affected by such movement, the driver shall give a signal plainly visible to the driver of such other vehicle of the intention to make such movement. Such signal may be given either by the use of the hand and arm in the manner hereinafter provided, or by means of a mechanical or electric device which meets the requirements hereinafter set forth and which has been approved by the division of motor vehicles as hereinafter provided.

Whenever the signal is given by means of the hand and arm, the driver shall indicate his intention to turn to the left by extending his hand and arm horizontally from and beyond the left side of the vehicle, his intention to turn to the right by extending his hand and arm upward and beyond the left side of the vehicle, and his intention to stop or to suddenly decrease speed by extending his hand and arm downward from and beyond the left side of the vehicle.

The signal herein required to be given before turning to the right or left, whether given by means of the hand and arm or by means of an approved mechanical or electric device, shall be given continuously during the last fifty feet traveled by the vehicle before turning.

(*b*) Any person may submit a mechanical or electrical signal device to the division for its inspection and approval. The division shall charge and collect a fee of fifty dollars for examining any such signal device which is manufactured for sale. All such fees shall be paid by the division into the state treasury and deposited in a fund to be known as the signal device testing fee fund, and the moneys in such fund, or so much of them as may be necessary, are hereby appropriated to meet the expenses of the test provided for in this section, and the balance thereof, if any, shall be paid into the motor vehicle fund. No fee shall be charged for examining a device not manufactured for sale.

The division shall not approve any stop signal device unless such signal when used upon a vehicle shall give a stop signal plainly visible for a distance of at least fifty feet to the rear of such vehicle nor any device intended to give a signal that the vehicle upon which it is used is about to turn, unless such device, when used upon a vehicle, clearly indicates the direction in which such vehicle is to be turned, which signal shall be plainly visible at least fifty feet to the rear of the vehicle upon which the same is used.

Whenever the division shall approve a signal device as meeting the requirements hereinabove set forth, it shall give to the applicant a certificate of approval.

(*c*) Any vehicle which is so constructed or carries a load in such manner as to prevent the hand and arm signal specified in subdivision (*a*) of this section from being visible both to the front and rear of such vehicle shall be equipped with an approved mechanical or electrical signal device which shall fulfill the requirements of this section with reference thereto.

SEC. 17. Section one hundred thirty-eight of said act is hereby amended to read as follows:

Sec. 138. Parking near garage entrance, fire hydrant or fire station. SEC. 18. Section one hundred forty-five of said act is hereby amended to read as follows:

Sec. 145. Powers of boards of supervisors and legislative bodies of cities. Nothing in this act contained shall be so construed as to prevent boards of supervisors in their respective counties and the legislative bodies of incorporated cities from providing by ordinance for the regulation of traffic by means of traffic or crossing officers or semaphores or other signalling devices on any portion of the public highways where the traffic is heavy and continuous, nor from designating certain public highways as boulevards and requiring that all vehicles shall be stopped before entering or crossing such boulevards, provided all such boulevards are clearly marked or sign-posted to give notice of such fact, nor from licensing and regulating the operation of vehicles offered to the public for hire, nor from regulating the use of the highway for processions or assemblages. Legislative bodies of incorporated cities or of any city and county may also by ordinance prohibit the use of a street or highway to be described in said ordinance by any commercial or other particular class of vehicles or by vehicles exceeding a maximum gross weight limit to be specified in the ordinance and may designate certain highways as one way highways and require by ordinance that all vehicles thereon be moved in one specified direction, provided all such streets and one way highways are clearly marked or sign-posted to give notice of such fact.

SEC. 19. Section one hundred fifty-three of said act is hereby amended to read as follows:

Sec. 153. Penalties. (*a*) It shall be unlawful and constitute a misdemeanor for any person to violate any of the provisions of this act unless such violation is by this act or other law of this state declared to be a felony. It shall be unlawful for any person to fail to yield a right of way to any person entitled thereto under the provisions of section one hundred thirty-one of the California vehicle act.

(*b*) Every person convicted of a misdemeanor for a violation of any of the provisions of title nine of this act for which another penalty is not provided shall, for a first conviction thereof within one year, be punished by a fine of not to exceed fifty dollars or by imprisonment in the county jail for not to exceed five days; for a second such conviction within one year, such person shall be punished by a fine not to exceed one hundred dollars or by imprisonment in the county jail for not to exceed ten days, or by both such fine and imprisonment; upon a third such conviction within one year such person shall be punished by a fine not to exceed five hundred dollars, or by imprisonment in the county jail for not to exceed six months, or by both such fine and imprisonment.

(*c*) Unless another penalty is in this act or by the laws of this state provided, every person convicted of a misdemeanor for the violation of the provisions of this act shall be punished by a fine not to exceed five hundred dollars or imprisonment in the county jail for not to exceed six months, or by both such fine and imprisonment.

(*d*) Unless another penalty is in this act or by the laws of this state provided, every person convicted of a felony for a violation of the provisions of this act shall

be punished by a fine of not less than one thousand dollars nor more than five thousand dollars or by imprisonment in the state penitentiary for not less than one nor more than five years, or by both such fine and imprisonment.

(e) It shall be a misdemeanor, punishable upon conviction by imprisonment in the county jail for not less than five days and any fine in addition thereto herein provided upon conviction of a misdemeanor, for any person to fail to comply with a written promise to appear given to an arresting officer as provided in section one hundred fifty-four of the California vehicle act, and such sentence so imposed shall not be suspended, and it shall also be a misdemeanor punishable in like manner for any person to give a false, fictitious or incorrect name or address in any of the following events:

1. Upon application to the division for the registration of a vehicle or an operator's or chauffeur's license.

2. In giving a written promise to appear, signed by a person arrested under this act and given to the arresting officer, as provided in section one hundred fifty-four of the California vehicle act.

Whenever a person arrested hereunder gives a written promise to appear and answer to the charge at a time and place specified in a five day notice to appear given to such person by the arresting officer and such person fails, neglects or refuses to appear, either in person or by counsel, at the time specified in such notice, the court may notify the division of such facts, and the division is hereby authorized thereupon, or upon receiving record of the conviction of a person upon a charge of failure to so appear, to suspend the operator's or chauffeur's license of such person for a period not exceeding sixty days and to suspend the registration and refuse any transfer of registration of the vehicle owned and operated by such person at the time of such arrest for a period not exceeding sixty days or until such person shall appear and answer to the charge for which arrested.

(f) Every owner of a vehicle who shall knowingly permit such vehicle to be operated in violation of the provisions of this act shall be guilty of a misdemeanor, and every employer, contractor or other person in charge of the driver of a vehicle operated on the public highways which is of a gross weight in excess of that permitted under this act shall also be guilty of a misdemeanor, and upon two or more convictions of any driver or owner upon charges of operating a vehicle with an unlawful gross weight, the court is hereby authorized to impound such vehicle at reasonable expense to the owner for a period of not to exceed thirty days.

SEC. 20. Section one hundred fifty-four of said act is hereby amended to read as follows:

Sec. 154. Appearance upon an arrest for misdemeanor. Whenever any person is arrested for any violation of the provisions of this act, unless such violation is herein declared to be a felony, or unless such person demands the right to an immediate appearance before a magistrate, the arresting officer shall, upon production but without surrender of the operator's or chauffeur's license of the person arrested, or other satisfactory evidence of the latter's identity, take the name and address of such person and the number of his motor vehicle and notify him in writing to appear at a time and place to be specified in such notice, such time to be at least five days after such arrest and such place to be before a magistrate of the township in which the offense with which the arrested person is charged is alleged to have been committed or, upon the demand of the person arrested, before a magistrate of the township in which is located the county seat in which such offense is alleged to have been committed. Such officer shall thereupon, and upon the giving by such person of his written promise to appear at such time and place, forthwith release him from custody.

Whenever any such person refuses to give his written promise to appear as herein provided for or demands an immediate appearance before a magistrate, he shall be taken forthwith before a magistrate of the township in which the offense with which he is charged is alleged to have been committed. He shall then be entitled to at least five days continuance of his case in which to prepare to plead or to prepare for trial and he shall not be required to plead or be tried within five days unless he waives such time in writing or in open court, provided that he gives his written promise to appear at such time and place as the court may fix for his further appearance or, upon his refusal to give such promise, upon such bail as the court may fix and he shall thereupon be released from custody.

Any person who wilfully violates his promise given in accordance with this section shall be guilty of a misdemeanor regardless of the disposition of the charge upon which he was originally arrested. A promise to appear may be complied with by an appearance by counsel.

SEC. 21. Section one hundred fifty-five of said act is hereby amended to read as follows:

Sec. 155. Evidence based upon use of speed traps not to be admitted. No police or peace officer or other person shall use a speed trap as defined herein in arresting or participating or assisting in the arrest of any person or in securing evidence as to the speed of a vehicle for the purpose of a prosecution under this act, nor shall any evidence as to the speed of a vehicle operated on a highway by any person arrested for a violation of the provisions of this act be admitted in

any court at the consequent trial of such person when such evidence relates to or is based upon the maintenance or use of a speed trap.

A speed trap within the meaning of this section is a particular section of, or distance on, any highway the length of which has been or is measured for distance and marked off or otherwise designated or determined, and the limits of which are within the vision of an officer or officers who calculate the speed of a vehicle passing through such speed trap by using the elapsed time during which such vehicle travels between the entrance and exit of such speed trap.

Nothing in this act shall be construed to prevent any officer when off duty and not in uniform from making an arrest in a proper case provided such officer does not make use of a speed trap and provided that every officer when on duty for the purpose of enforcing the provisions of this act shall be dressed in a distinctive uniform and shall spend his hours of duty in patrolling or upon the public highways.

In any prosecution under this act upon a charge involving the speed of a vehicle, any officer or officers arresting or participating or assisting in the arrest of the person so charged shall be incompetent as a witness or witnesses if any speed trap was used in such arrest, and the court shall be without jurisdiction to render a judgment of conviction upon the basis of speed trap testimony.

SEC. 22. Section one hundred fifty-nine of said act is hereby amended to read as follows:

Sec. 159. Motor Vehicle Fund. (*a*) There is hereby created in the state treasury a fund which shall be known as the "motor vehicle fund". The state treasurer shall deposit all money received by him from the division or otherwise under the provisions of this act into the motor vehicle fund.

(*b*) There is hereby appropriated out of such fund all moneys received as operators' license fees, and chauffeurs' license fees and duplicate operators' and chauffeurs' license fees and in addition thereto such portion of the remainder of such motor vehicle fund not exceeding in any registration year twenty per cent thereof as may be necessary for the maintenance of the division of motor vehicles to be expended by the division in carrying out the provisions of this act. There shall be deducted from the sums which the division is allowed to expend hereunder such amount as may be allowed to said division in each calendar year under budget appropriation by the state legislature. The division may draw, without at the time furnishing vouchers and itemized statements, sums not to exceed in the aggregate twenty thousand dollars, said sums so drawn to be used as a revolving fund where cash advances are necessary. At the close of each fiscal year the moneys so drawn must be accounted for and substantiated by vouchers and itemized statements submitted to and audited by the board of control and by the controller. The balance of said fund, after the expenditure of so much as may be permitted by this act for the support of the division of motor vehicles, shall be known as the "net receipts" and shall be devoted to the purposes and in the manner herein specified.

(*c*) One-half of such "net receipts" is hereby appropriated and shall be paid from the motor vehicle fund to the counties of this state in proportion to the number of vehicles registered in such counties as determined by the places of residence of the owners to whom the registration certificates are issued; *provided*, that there shall be deducted from the amount to be paid hereunder to any county all amounts that may have been expended under the provisions of this act during the preceding six months, or that may be reasonably necessary during the succeeding six months, to pay the compensation of state inspectors and traffic officers appointed to serve in such county. All amounts paid under this section to the counties shall be deposited in the road funds of the several counties receiving the same and shall be expended by such counties exclusively in the construction and maintenance of public roads, bridges and culverts in said counties respectively; *provided*, that the board of supervisors of any county may in its discretion expend any portion of such sums so received by such county in the construction, maintenance and repair of streets, bridges and culverts within those incorporated cities therein the legislative bodies of which by ordinance authorize such work of construction, maintenance and repair. The board of supervisors of any county, or city and county, which is empowered by law to expend money for the construction of public highways outside of its corporate limits, may expend any portion of the amounts paid to the said county, or city and county, and deposited in the special road improvement fund or other road fund thereof, as herein in this section directed, in and for the construction of public highways outside of its corporate limits; *provided, however*, that the construction thereof is authorized by ordinance of the board of supervisors of the county, or city and county, in which said highway is to be constructed. Where such authorization is given by ordinance, as herein provided, the board of supervisors of the county, or city and county desiring the said construction, may, through its own boards, officers or commissions expend the amounts herein authorized to be expended, or may, by ordinance of its board of supervisors, transfer said amounts to the account of the highway commission of the State of California and may by said ordinance specify and determine the route and type of construction of said highway, and the said amount thus transferred shall, if accepted by the said highway commission, be expended by said commission for the purpose specified and determined in said ordinance, and not otherwise.

(*d*) The board of supervisors of each county in the state shall establish a road fund in the county treasury for the receipt of such funds received, as hereinbefore

provided and shall also make an annual report to the state department of public works not later than three months after the close of the counties' fiscal year, upon forms to be provided by the state department of public works, showing the amount of moneys received from the motor vehicle fund during the preceding fiscal year and the disposition of said moneys, specifying in such detail as may be required by said department the roads, bridges and culverts constructed or maintained out of said moneys and the sums applied to the several items of such construction or maintenance.

(e) The state controller shall in the months of February and August of each year draw his warrants upon the motor vehicle fund in favor of the county treasurer of each county for the amount to which such county is entitled hereunder, except that the state controller shall not draw his warrant upon the motor vehicle fund in favor of the county treasurer of any county which has not established a road fund, as required hereunder, or which has failed, neglected or refused to file the report showing the amount of money theretofore received by such county from the motor vehicle fund and the disposition thereof, as hereinbefore required, until such county has established a road fund and shall make the reports herein required.

(f) All moneys remaining in the motor vehicle fund after the expenditures hereinbefore in this section authorized, together with all sums that have been heretofore or that may be hereafter appropriated by the legislature for the same purpose, shall be expended under the direction of the state department of public works for the maintenance, repair, widening, resurfacing and reconstruction of state roads and highways under the jurisdiction of said department and for the maintenance, repair, widening, resurfacing and reconstruction of roads and highways in state parks, subject to the approval of the official or officials charged by law with the management and control of such parks, such moneys to be so drawn from the motor vehicle fund for the purpose of such maintenance, repair, widening, resurfacing and reconstruction upon warrants executed by the state controller upon demands made by the state department of public works and allowed and audited by the state board of control."

WILLOWS, CALIFORNIA, March 17, 1925.

At a meeting of the board of trustees of the town of Willows, Glenn County, California, held March 16, 1925, the following resolution was introduced protesting the passage of Senate Bill No. 729, which was carried by the unanimous vote of the board.

Resolved, That whereas Senate Bill No. 729, providing that members of a paid fire department shall not remain on duty more than nineteen (19) hours in any one day of 24 hours, nor more than 105 hours in one week, nor more than 326 hours in one month, is now being considered before the Committee on Municipalities

for recommendation to the State Legislature now in session in Sacramento, California, and

WHEREAS, the passage of such a measure or statute would in our opinion be, decidedly detrimental to the welfare of cities of the fifth and sixth class, and would necessitate a three-platoon or shift system, requiring three times as many employees of the fire department as under existing laws, and

WHEREAS, It is our opinion the present law works no hardship upon employees of fire departments of cities of the fifth and sixth class; now, therefore, be it

Resolved, That the board of trustees of the town of Willows hereby protests against the enactment of said Senate Bill No. 729 by the Legislature, and petitions the Committee on Municipalities as well as every member of the present Legislature to do all things in their power to defeat the passage of said bill; be it further

Resolved, That a copy of this resolution be forwarded to Senator Handy, Assemblyman Van Bernard, and to Governor Friend Wm. Richardson.

COLUSA, CALIFORNIA, March 12, 1925.

Senator Fred C. Handy,
State Capitol, Sacramento, California.

DEAR SIR: The Woman's Club of Colusa, consisting of one hundred members in regular session on March 10th, passed the following resolution, and instructed the secretary to send copies thereof to the Senator and Assemblyman representing this district:

Resolved, That we, the Woman's Club of Colusa, actively oppose Rosenshine Bill No. 748, and urge our Assemblyman and Senator to vote against this bill, and to use every effort to defeat it.

Yours very truly,

JEANETTE D. RAGAIN, Secretary.

By Senator Canepa:

We, the undersigned, residents of your district, desire to register this vigorous and emphatic protest against Assembly Bills numbers 408, 810 and 878.

Numbers 408 and 810 entirely prohibit the manufacture of margarine and remove from the market a product which we have found nutritious and healthful and desire to continue to buy; they are also the forerunners of dollar butter.

Number 878 imposed a tax of four cents per pound on margarine. This tax would have to be paid by us who are consumers. No good reason for adding this tax has been suggested.

These three bills are introduced solely for the benefit of the butter interests. Not one of them would help the average wage earner who knows that margarine is a good, wholesome product and is glad to be able to buy it.

MRS. E. M. WOLFE.
And 180 others.

By Senator Johnson, A. B.:

To the Honorable Legislators, Sacramento, California.

Our State of California is destined to become foremost in dairy production, but there is present day need to give it full opportunity to overcome certain outside factors that are hampering its growth.

Butter substitutes, made of vegetable oils imported from the South Sea Islands, and sold to consumers in cartons resembling those used for butter, are encroaching on the legitimate pursuits of our dairy farmers.

The undersigned citizens of the State of California therefore respectfully petition your honorable body to give your earnest support to Assembly Bill No. 878. The purpose of the bill is to protect the public from the possibility of deception in buying dairy products and to protect our dairy farmers from foreign competition.

F. V. TAYLOR,
And 49 others.

MESSAGE FROM THE GOVERNOR.

The following message from the Governor was received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 19, 1925.

To the Senate of the State of California.

Senate Bill No. 676 is returned herewith without my approval.

This bill is in the form of a new statute intended to prevent the fraudulent operation of slot machines. Such a law should be part of the Penal Code so that all officers of the law may be apprised of it. It should not be buried in the general statutes. I want to particularly stress the importance of codifying such measures. The use of slot machines for gambling purposes is defined as a misdemeanor and its punishment prescribed in section 330*a* of the Penal Code.

This measure appears to be primarily designed to penalize any person who endeavors to commit fraud in the operation of any slot machine vending device. As such acts are already punishable under the provisions of sections 484 to 490 of the Penal Code this act does not appear to be necessary. The language of section one of the proposed measure is broad enough to include many acts which in themselves might be innocent. A person might use a counterfeit, mutilated or sweated coin without knowing it to be illegal money and without intent to deceive but would be guilty of an offense. This section should have a qualification providing that the party committing the offense should do it knowingly and with intent to cheat or defraud.

The second section relates to the manufacturing of slugs and does not appear to be necessary because it is the illegal use of slugs and not their manufacture that is the gravamen of the offense.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

VETO OF THE GOVERNOR SUSTAINED.

The question being: Shall the bill become a law notwithstanding the objections of the Governor?

The roll was called, and the objections of the Governor were sustained by the following vote:

By Senator Kline:

RIVERSIDE, CALIFORNIA, March 16, 1925.

Hon. Chester Kline, Sacramento, California.

DEAR SIR: We, the undersigned, citizens of Riverside, California, and registered voters in the State of California, wish hereby to express our protest against the provisions of certain legislative bills now before the Assembly of this State and numbered 408, 810, and 878.

Inasmuch as the provisions of the above bills tend to deprive many citizens of the right to use certain margarines, which we believe to be clean, wholesome and cheap, and which therefore tend to reduce the cost of living to many families of moderate means, we respectfully urge that, should the opportunity be given to consider these measures in the Senate, you use your vote and your influence against their passage.

C. J. WILCOMB,
And 11 others.

The notice must be personally served upon each owner of land in said district, or in lieu of personal service, must be sent through the mail addressed to such owner at his place of residence, if known or entered upon the assessment-roll of the county, and if not known, at the place where the principal office of the district is situated, or be published once a week for two weeks successively in some newspaper of general circulation and devoted to the publication of general news, within the district, and if no such newspaper be published within the district then publication may be made in some newspaper published in the county seat of the county where the greater portion of said district is situated.

If any such installment shall remain unpaid at the expiration of said sixty days from the date of the order, then the whole remaining uncalled portion of said assessment shall become delinquent together with the accrued interest thereon and a penalty of ten per cent of the amount of said installment and interest shall be added thereto and collected for the use of the district.

Immediately after the said installment has become delinquent, the trustees of the district must publish in one notice a list of all of said delinquencies at least once a week for two weeks in some newspaper of general circulation published in the county where said district or the greater part thereof is situated, which notice shall contain a description of the property assessed, the name of the person to whom it is assessed, or a statement that it is assessed to unknown owners, if such is the fact; the amount then due on said property, and a notice that the property assessed will be sold on the date therein stated, in front of the courthouse of said county to pay the amount then due on said property. The date of said sale shall be not less than ten days after the date of the last publication of said notice. And at said time stated in said notice, or such other time to which said sale may have been postponed, the trustees must sell said property to the highest bidder for gold coin of the United States. Out of the proceeds of said sale the trustees must pay the amount due on said property as shown in said notice to the county treasurer who shall place the same in the proper funds of said district. The trustees must pay to the owner of said property any surplus remaining after such payment to the county treasurer. The

trustees may postpone said sale from time to time for not less than ten nor more than thirty days at any one time by a written notice posted at the place of sale.

If no bid is made for said property equal to the amount due thereon, the district shall become the purchaser, and the said property must be struck off to the district for said amount. A certificate of such sale shall be executed by the trustees to the purchaser, or to the district, if the property shall have been struck off to the district, and said certificate of sale shall be recorded in the office of the county recorder of said county. Any person interested in said property may redeem the same at any time within one year after the date of said sale, by paying to the county treasurer the amount for which said property was sold, and interest on the said sums at the rate of two per cent per month from the date of said sale.

If no redemption shall be made within said one year, the purchaser, or the district, if said property shall have been sold to the district, shall be entitled to a deed executed by said trustees, and the effect of such deed shall be to convey said property free of all liens and encumbrances, excepting state, county and municipal taxes, and any subsequent district assessment. The trustees may sell said property at any time at public auction after notice given for the said period and in the same manner as is herein provided for sales for delinquent assessments, but not for a sum less than the amount for which said property was sold, together with any subsequent assessment and the deed executed in pursuance of such sale shall convey said property free of all encumbrances, except state, county and other municipal taxes.

Assessments heretofore made in any reclamation district shall be validated and collected in the manner provided by law at the time such assessments were made."

Any person who shall open or conduct such an employment agency without first procuring said license, or who shall sell, transfer or give away, any interest in any license issued by the commissioner of labor to conduct an employment agency, or who shall sell, transfer or give away any interest in, or the right to participate in the profits of, any employment agency to conduct which a license has been granted, or who shall fail to list, in his application to the commissioner for a license or renewal of license, all persons, except bona fide employees on stated salaries, financially interested, either as partners, associates, profit sharers, stockholders or bondholders, in the operation of the employment agency in question, shall be guilty of a misdemeanor and shall be punished as in section eighteen of this act provided.

to grant a license. Each application shall be granted or refused within thirty days from date of filing. No license shall be granted to a person to conduct the business of an employment agency in rooms used for living purposes, or where boarders or lodgers are kept, or where meals are served, or where persons sleep, or in connection with a building or premises where intoxicating liquors are sold or consumed. The Cosmos Club, with a membership of 150, endorsed the following resolution at a meeting held March 10, 1925:

Resolved, That Assembly Bills Nos. 408, 810 and 878 tend greatly to class legislation and are not in harmony with the usual procedure—that of permitting bona fide, well regulated industries to function on a basis thoroughly in accord with the ideals of good business and lawful conduct, and furthermore the passage of these bills would mean depriving many citizens of this State of a spread that is sweet and clean, healthful, manufactured in up-to-date, sanitary buildings, and retailed at prices more within their reach than are some like products. We urge all legislators to vote against these bills and use every effort to defeat them.

LUCY F. FRANKLIN, Corresponding Secretary.

PRESENTATION OF PETITIONS.

By Senator Kline:

To the Honorable Chester M. Kline, Senator,
State Capitol, Sacramento, California.

We, the undersigned, residents of your district, desire to register our vigorous and emphatic approval of Assembly Bill No. 878.

As taxpayers, we realize that any injury to a fundamental agricultural industry is an injury to the economic welfare of our people.

The unrestricted sale of a product called "oleomargarine" carrying 82 per cent of cheap vegetable oils, and offered to the public as a satisfactory substitute for American butter, is encroaching on the legitimate pursuits of our dairy farmer.

It is essential for the protection of the health of young and growing children that parents should be advised of the true nature of the product offered under the name "oleomargarine."

We therefore respectfully urge you to give your earnest support to Assembly Bill No. 878, to vote for it yourself, and to explain to others the deep injury that will be done to California's most important agricultural pursuit, if the sale of this cheap by-product of cocoanut and other tropical plants is not carefully regulated.

and

WHEREAS, This Senate is desirous of continuing highway construction in California, but, lacking the "personal information regarding every State highway in California," which the Governor says the Highway Commission possesses, is compelled to rely upon the commission for its special knowledge as to what roads may be most economically and advantageously constructed during the next two years; and

MESSAGE FROM THE GOVERNOR—(OUT OF ORDER).

The following message from the Governor was received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.
SACRAMENTO, March 27, 1925.

To the Senate of the State of California.

This is to advise you that I have today signed Senate Bill No. 329.

Yours respectfully,

FRIEND WM. RICHARDSON, Governor.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.
SACRAMENTO, March 27, 1925.

To the Senate of the State of California.

Senate Bill No. 73 is returned herewith without my approval. This bill increases the salary of the probation officer of Sonoma County from $2,700 to $3,600 a year, and makes a slight increase in the salaries of the two assistants. All of the supervisors of Sonoma County who have responded to my inquiry (being a majority of the board) oppose the bill and object to the increase on the ground that it would give the probation officer a larger salary than a majority of the county officers who have larger responsibilities and more work to do.

Early in this session I asked the members of the Legislature to present with proposed county salary increases, a recommendation from the supervisors of the county and the county grand jury. This statement was published in the Journals and sent by me to each member of the Legislature. While these county increases do not cost the State anything, I feel that it is as much my duty to protect the taxpayers in county expenditures as to protect them in State expenditures. The supervisors, as the financial managing body of the county, should be consulted in proposed increases of county salaries and their opinion carefully weighed. I have written to each supervisor in Sonoma County regarding this bill and all who have answered oppose it. The board of supervisors of this county meet next Tuesday and there is still ample time to secure the approval of the board for a reasonable increase, and for the author to introduce a new bill.

Sonoma County seems greatly interested in this measure. Several persons have written in its favor and a number have written in protest. The opinion of taxpayers of the county appears to be divided.

The responsibility of fixing county salaries should never have been placed upon the Legislature and the Governor. As far as I am concerned it is an unwelcome duty. I could adopt the easy way and the popular way and approve all such increases, but I propose to perform any duty placed upon me by law faithfully and conscientiously, and at all times to have in mind the taxpayer who toils and sweats to keep the machinery of city, county and State government in operation. Strange to say, bills proposing a reduction in county salaries are rare, but large numbers have been introduced and many passed to make increases.

I fully appreciate the good work of probation officials but the supervisors of the home counties can best decide upon the value of these services of these and other officials.

Respectfully submitted,

FRIEND WM. RICHARDSON, Governor.

VETO OF THE GOVERNOR SUSTAINED.

The question being: Shall the bill become a law notwithstanding the objections of the Governor?

The roll was called, and the objections of the Governor were sustained by the following vote:

SEC. 1. The fish and game commission is hereby vested with jurisdiction to regulate and control fishing boats, barges, lighters or tenders, receptacles or vehicles containing fish, commercial fishermen, fish canners, packers or preservers, fish reduction plants, plants where any fishery products are manufactured, dealers in fish, mollusks or crustaceans or other fishery products, in so far as it may be necessary to insure the taking, catching and delivery of the fish or other fishery products in a wholesome and sanitary condition to canning, packing, preserving, or reduction plants, or any plant where fishery products are manufactured, or to any fresh fish dealer, and to prevent deterioration and waste of any products or of any fishery products. Any fish and game commissioner or assistant or employee of the fish and game commission shall have the authority to enter any canning, packing, preserving or reduction plant, or place of business where fish or other fishery products are packed, preserved, manufactured, bought or sold, or to board any fishing boat, barge, lighter, tender, or vehicle or receptacle containing fish, for the purpose of carrying out the provisions of this act, and any person denying such right of entry shall be guilty of a misdemeanor.

SEC. 2. The fish and game commission may establish grades for different varieties of fish or other fishery products, which said grades must be reached and conformed to by the commercial fishermen who deliver fish or other fishery products to canners, packers or preservers of fish or to fresh fish dealers, or to a reduction plant, and every canner, packer or preserver of fish or fish dealer or owner of reduction plant, or manufacturer of fish products, must conform to such grade.

SEC. 3. The fish and game commission is hereby vested with full power, authority and jurisdiction to make and enforce such regulations as may be necessary or convenient for carrying out any power, authority or jurisdiction conferred under this act.

SEC. 4. Reduction plant—where used in this act, applies to any plant engaged in the reduction of fish into products which are not intended to be used, and are not, in fact, used for human consumption. Any plant where fish are put through a reduction or extraction process shall be deemed to be a reduction plant, and shall be subject to all provisions and limitations of this act, unless a permit shall have been obtained as in this section provided.

(*b*) Packer—where used in this act, means any person, firm, association or corporation using fish by canning or preserving by the common method of drying, salting or smoking.

(*c*) Wet weight—where used in this act, means the weight of the round, whole fish, uncleaned.

(*d*) Hearings—wherever, in this act, hearings are required to be held by the fish and game commission, the following notice and method shall be used: Notice of time, and place shall be served on the party interested at least five days before the date of hearing. At such time and place designated in said notice testimony under oath shall be taken by any member of the board of fish and game commissioners or by any assistant or employee, designated by them, who shall have the power to administer oaths, take affidavits and issue subpœnas for the attendance of witnesses. The testimony shall be taken down in shorthand and transcribed and shall contain all rulings and offers of evidence whether or not the same are permitted.

Each witness at the hearing shall be allowed for his appearance the same fees and mileage allowed by law to a witness in a civil case and the amount shall be paid, together with the costs of advertising by the party making application for a permit.

SEC. 5. No person, firm or corporation shall suffer or cause any preventable deterioration or waste of any fish caught or taken in the waters of this state, or brought into this state, and no person shall use any fish except fish offal in a reduction plant, except of the species, in the manner and to the amount allowed by the provisions of this act.

(*a*) It shall be lawful for a packer of sardines to take and use in a reduction plant in each calendar month, sardines to the amount of twenty-five per cent of the monthly capacity of the canning plant; such capacity shall be determined by the fish and game commission after a hearing is held, as in this act provided. In determining such capacity, the fish and game commission must take into consideration and base its findings upon the following facts, namely:

The number of can closing machines for one pound oval cans of sardines actually installed in said plant and ready for operation; provided that the other

equipment of said plant necessary for canning to the capacity of said closing machines is likewise installed and ready for operation. For each closing machine so installed the fish and game commission shall make a monthly allowance of sardines to be used in the reduction plant of one hundred and fifty tons for each calendar month.

Prior to each seasonal run of sardines, packers shall make written application to the fish and game commission to hold a hearing and determine such capacity.

(b) It shall be lawful for a reduction plant to take and use, each calendar month, in its plant, five hundred tons of sardines; *provided*, that a packer operating a reduction plant shall only use in its reduction plant the percentage allowed in subdivision *a*, hereof, *and provided further* that no sardines shall be used in reduction plants, except by canners, between the first day of March and the thirtieth day of September of each year, both dates inclusive.

(c) In order to regulate plants other than packing plants and reduction plants, whereby a reduction or extraction process, the fish or the oil therefrom is manufactured into products which are fit for human consumption, the fish and game commission shall have the powers hereby granted to make a determination as to whether the products of such plants are intended to be used for human consumption. It shall be unlawful for any person, firm, association or corporation, other than a packer, by a reduction or extraction process to use sardines in excess of five hundred tons per month without obtaining a permit from the fish and game commission.

In order to obtain such permit, written application must be filed with said fish and game commission, setting forth the quantity of fish to be used, the location of the plant, process used and the nature of products to be manufactured out of the sardines to be received in excess of five hundred tons per month. Excess, as hereinafter referred to, means all sardines received in a plant in excess of five hundred tons per month.

Thereupon the fish and game commission shall hold a hearing and the applicant shall furnish proof that the product to be manufactured out of such excess is fit for human consumption, is intended so to be used, and will, in fact, be used for human consumption and that either fifty per cent of the net weight of such excess of all of the oil extracted from such excess will be used in the manufacture of such product within the State of California. If the commission is satisfied that the product so to be manufactured is fit for human consumption, and will, in fact, be used entirely for human consumption and that either fifty per cent of the wet weight of the excess will be used in the manufacture of such product or that all of the oil to be extracted from such excess will be so used, and within the State of California, then the commission shall issue a permit authorizing applicant to use in its said plant as an excess the quantity of fish requested in said application for the purposes therein specified. If at any time it shall appear to the commission that neither fifty per cent of the wet weight of the excess received at said plant under such permit nor all of the oil extracted from such excess is being used to manufacture within the State of California a product fit for human consumption or that all of the product manufactured at said plant from such excess under said permit is not being used entirely for human consumption then the commission shall issue an order requiring the permittee to show cause before the commission at a time and place to be fixed by said commission why said permit should not be revoked. The time of the hearing shall be not less than five days after the service of said order to show cause. At such hearing, the commission shall take testimony and if the commission finds that any of the terms of the permit have been violated, it may revoke said permit or suspend the same for such period of time as to it may seem proper.

Within thirty days after the rendition of an order by the fish and game commission refusing or revoking a permit, any party affected may apply to the supreme court of this state or to the district court of appeal of the appellate district in which such person resides for a writ of certiorari or review, hereinafter referred to as a writ of review, for the purpose of having the lawfulness of the order inquired into and determined.

Such writ shall be made returnable not later than thirty days after the date of the issuance thereof and shall direct the commission to certify its record in the case to the court. On the return day, the cause shall be heard in the court unless for good cause the same may be continued. No new or additional evidence may be introduced in such court, but the cause shall be heard on the record of the commission as certified to by it. 4. Whether the findings of fact support the order under review. The findings and actions of the commission on questions of fact shall be conclusive and final and shall not be subject to review. The commission and each party to the action or proceeding before the commission shall have the right to appear in the review proceeding. Upon the hearing, the court shall enter judgment, either affirming or setting aside the order, or may remand the case for further proceedings before the commission.

The provisions of the Code of Civil Procedure in this state relating to writs of review shall, so far as applicable and not in conflict with this act, apply to the proceedings of the courts under this section. No court of this state, except the

supreme court and district court of appeal, to the extent herein specified, shall have jurisdiction to review, reverse, correct or annul any order or decision of the commission or to suspend or delay the operation or execution thereof, or to restrain, enjoin, or interfere with the commission in the performance of its duties: *provided*, that a writ of mandamus shall lie from the supreme court or the district court of appeal in all proper cases.

The filing of the application for, or the pendency of the writ of review shall not of itself stay or suspend the operation of the order of the commission subject to review, but the court before which such application is filed, may, in its discretion, stay or suspend, in whole or in part, the operation of the order of the commission subject to review upon such terms and conditions as it may by order direct.

If the existence of a nuisance be established in an action as provided herein, an order of abatement shall be entered as part of the judgment in the case, which order shall direct the closing of the building or place where such nuisance was maintained for a period of three months, and during such time, said building or place shall be and remain in the custody of the court.

MESSAGES FROM THE GOVERNOR—(OUT OF ORDER).

The following messages from the Governor were received and read out of the regular order:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, March 30, 1925.

To the Senate of the State of California.

Senate Bill No. 697 is herewith returned without my approval.

This bill would add a new general law increasing the amount of fire insurance on the San Francisco water front property belonging to the State from $2,000,000

to $4,000,000. It has not been the policy of the State to carry insurance, but an exception has been made in the case of the San Francisco Harbor, the State printing plant, and material used in manufacturing at San Quentin prison.

During the past twenty-five years there are no records of extensive fires at the water front. To add this great amount of insurance would place a great tax upon the harbor which appears unnecessary. Two years ago an agreement was made to divide the expense of the fire boats between the State and the city of San Francisco. This costs the State $65,000 a year. If the fire boats do not give adequate protection, then the State should cancel the agreement and provide for other protection. If the protection of the fire boats is ample, the additional insurance is not necessary.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

On motion of Senator Gray, Senate Bill No. 697 was ordered on unfinished business file.

Governor's veto pending.

Whenever the acquisition or acquisition and improvement of any property as provided in section five of this act would require the expenditure of sums too great to be paid out of the proceeds of the annual tax levy as provided in section seven of this act, the board of supervisors shall adopt a resolution of intention to acquire or acquire and improve such property and to issue bonds of the district to pay the cost thereof. Said board shall thereupon fix a time for hearing protests against said acquisition or acquisition and improvement, which time for

hearing shall be thirty days after the adoption of the resolution of intention. Notice of such hearing, together with said resolution of intention, shall be published at least three times in some newspaper of general circulation in the district. At such hearing, or at any time to which such hearing may be continued, not exceeding sixty days in all, said board shall hear any protests against the acquisition or acquisition and improvement of property as set forth in said resolution of intention.

SEC. 9. At the conclusion of the final hearing, said board shall either adopt an order abandoning such intention, or shall adopt an ordinance declaring that the best interest and welfare of the district require the acquisition or acquisition and improvement of property as set forth in the resolution of intention and ordering such acquisition or acquisition and improvement, and authorizing the issuance of bonds of the district to pay the cost thereof. Such ordinance shall state:

1. The total amount of said bond issue.
2. The length of time, not to exceed fifteen years, said bonds are to run.
3. The rate of interest, or a maximum rate of interest, to be paid on said bonds.

SEC. 10. The board of supervisors shall, subject to the provisions of this act, prescribe the form of said bonds and of the interest coupons attached thereto. Said bonds shall be payable substantially in the following manner: A part to be determined by said board and which shall be not less than a one-fifteenth part of the whole amount of such indebtedness, shall be payable each and every year on a specified date and at a place within or without the State of California to be fixed by said board and designated in such bonds, together with the interest thereon payable either annually or semi-annually as said board may determine. The rate of interest specified in such bonds shall be fixed by said board, which rate may be less than, but shall not exceed, the rate of interest stated in the ordinance as provided in section nine hereof. Such bonds shall be issued in such denominations as the board may determine, except that no bonds shall be of less denomination than one hundred dollars nor of a greater denomination than one thousand dollars.

SEC. 11. The board of supervisors may issue and sell the bonds of such district authorized as hereinbefore provided at not less than par value and the proceeds of the sale of such bonds shall be placed in the county treasury to the credit of the district and a record of such transaction shall be made upon the books of the county treasurer and county auditor, and such proceeds shall be applied exclusively to the purposes and objects mentioned in the ordinance provided in section nine hereof, subject to the provisions in this act contained. Payment from said district funds shall be made upon demands prepared, presented, allowed and audited by said board in the same manner as demands are prepared, presented, audited and allowed upon the funds of the county.

SEC. 12. Bonds issued under the provisions of this act shall be a lien upon the property of the district, and said bonds and interest thereon shall be paid by revenue derived from an annual tax upon all taxable real property, exclusive of operative property, within said district. The board of supervisors shall levy a tax each year upon the taxable property of said district sufficient to pay the interest on said bonds for that year and such portion of the principal thereof as may become due before the time of making the next general tax levy. Such tax shall be collected on all taxable property at the same time and in the same manner as taxes for county purposes are collected, and when collected, shall be transferred to the county treasurer and shall be used for the payment of principal and interest on said bonds and for no other purposes. The principal and interest on said bonds shall be payable at the county treasury and at such other places outside the State of California as the board may designate.

SEC. 13. The provisions of the Political Code and general laws of this state prescribing the manner of levying, assessing, equalizing and collecting taxes, and penalties thereon, including the sale of property for delinquency and redemption from such sale, and the duties of the several county officers with respect thereto, are, so far as they are applicable and not in conflict with the specific provisions of this act, hereby adopted and made a part hereof.

SEC. 14. All bonds issued by said district under the provisions of this act shall have the same force, value and use as bonds issued by any municipality in this state, and shall be free and exempt from all taxation with the State of California. Said bonds shall be legal investments for all trust funds and for the funds of all insurance companies, banks and trust companies."

Amendment adopted.

By Senator Taylor:

DOWNEY WOMAN'S CLUB.
DOWNEY, March 18, 1925.

At a meeting of the Downey Woman's Club held on the above date the following resolutions were adopted:

Resolved, That we, the Downey Woman's Club, actively oppose Rosenshine Bill No. 748, and urge all legislators to vote against this bill and use every effort to defeat it.

Resolved, That a copy of these resolutions be spread upon the minutes of the Downey Woman's Club, and a copy be sent to our Assemblyman and Senator.

MRS. EFFIE N. GIBSON, Corresponding Secretary.

Also:

AZUSA, CALIFORNIA, March 30, 1925.

Senator Cadet Taylor, Sacramento, California.

We beg to protest the passage of measures Senate Bill No. 193 and Senate Bill No. 264, and urge you to oppose their passage. This industry, the manufacture of hydrocyanic acid for fumigation of citrus pests, can quickly be faced during fumigating season with a condition that would force operation on plant for more than six consecutive days, thus making us violators of law. Fumigation must be done at the time scale is ready, and the demand for material during one week depends upon condition of scale and condition of weather.

OWL FUMIGATING CORPORATION.

Also:

POMONA, CALIFORNIA, March 30, 1925.

Senator Cadet Taylor, Sacramento, California.

We strongly urge you to ratify Colorado River Pact without reservation. Also careful consideration of Oleomargarine Bill No. 878. Local dairy interests are vitally concerned.

POMONA CHAMBER OF COMMERCE.

Also:

LONG BEACH, CALIFORNIA, March 26, 1925.

Senator Cadet Taylor, Sacramento, California.

Our board of directors today, after due consideration, voted to urge that you vote against proposed increase of 1 cent gasoline road tax, and that you use your best efforts to see that proper proportion of road funds comes to Southern California.

Thanking you for your consideration.

LONG BEACH CHAMBER OF COMMERCE.
J. DAVID LARSON, Executive Secretary.

COMMUNICATION.

The following communication was received, and on motion of Senator Young ordered printed in the Journal:

BRADENTOWN, FLORIDA, March 21, 1925.

My Dear Senator Young:

My son has written me of his delightful visit to you and Mrs. Young, and mentioned in his letter your membership in the present Senate of California. It is this latter fact that prompts me to write you, for, many years ago, I too sat where you are sitting now, in California Senate Chamber. It was, if memory serves me correctly, during the thirteenth and fourteenth sessions that I modestly represented my northern constituency of Placer County. I was elected from Dutch Flat, then, as you know, one of the most famous of all the placer camps. My son's letter has served to turn back the pages in my Book of Memory to those golden days of glorious adventure in your lovely hills, and at the age of ninety-four, no experience of my life is more vivid to me. Almost three-quarters of a century ago! It seems hardly possible! Yet in memory I envision the companions of that remote day more clearly, in many instances, than I do those of more recent years. Perhaps it is due to the fact that when I fared forth from the hills, something of the youth that never dies, and something of the soul that lives forever, was left behind. For there two of my children were born; there one of them sleeps today. Although I have not visited California for more than half a century, its course in the Congress of the States I have followed down the years, for it seems to me now that when as a young man, almost seventy-five years ago, I tramped its hills, I foresaw even then something of the glory it has won. Will you not, my dear Senator, greet for

me the present Senator from Placer, and pass on to him my prayer that the power of California's serving sons may never wane.

I am, sir, most sincerely yours,

WM. D. HARRIMAN.

Honorable Sanborn Young,
Los Gatos, California.

Senator Kline, Sacramento, California.

HONORABLE SIR: The following resolution was offered and unanimously adopted at the last regular meeting of the board of directors of The Villa Park Orchards Association:

WHEREAS, The question of license and taxation of our motor trucks has been particularly brought to our attention; and

WHEREAS, The best information available shows beyond a reasonable question of doubt that the biggest menace to our present good roads system is the heavy motor truck and especially those trucks that are equipped with the so-called "solid tires"; and

WHEREAS, It seems only fair to all concerned that motor trucks be licensed and taxed in accordance with the damage which they create; now, be it

Resolved, That we are in favor of legislation that will license and tax motor vehicles in accordance with the damage which they cause to our public highways; and

Resolved, That we are in favor of Senate Bill No. 222 and Assembly Bills Nos. 602 and 660 now before the Senate and Assembly of the State of California; and be it further

Resolved, That a copy of this resolution be sent to Senator Kline and to Assemblyman Hartranft.

PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Senator Kline:

To the Honorable Chester W. Kline, Senator,
State Capitol, Sacramento, California.

We, the undersigned, residents of your district, desire to register our vigorous and emphatic approval of Assembly Bill No. 878.

As taxpayers, we realize that any injury to a fundamental agricultural industry is an injury to the economic welfare of our people.

The unrestricted sale of a product called "oleomargarine" carrying 82 per cent of cheap vegetable oils, and offered to the public as a satisfactory substitute for American butter, is encroaching on the legitimate pursuits of our dairy farmer.

It is essential for the protection of the health of young and growing children that parents should be advised of the true nature of the product offered under the name "oleomargarine."

We, therefore, respectfully urge you to give your earnest support to Assembly Bill No. 878, to vote for it yourself, and to explain to others the deep injury that will be done to California's most important agricultural pursuit, if the sale of this cheap by-product of cocoanut and other tropical plants is not carefully regulated.

We have received your resolution, adopted on March 27, which requests that the State Highway Commission should furnish to your honorable body "their recommendations as to the highways which, in their judgment, should be constructed in the next two years, and the amounts that should be expended on such respective highways."

We have given to your request serious thought and many hours of detail study in a sincere endeavor to comply.

The Highway Commission has never agreed upon "a tentative budget showing where and how $20,000,000 proposed to be used during the next two years may be most advantageously expended," as stated in your resolution.

The Highway Commissioners are separately and collectively out of sympathy with the movement to allocate to specific roads definite amounts which would be raised by the proposed gas tax from May, 1926, to and including May, 1928. This is a parallel proposition to the method by which the 1919 bond issue was formulated. Every citizen of the State interested in highway development has knowledge of the vicissitudes of the State Highway Commission in following the allocation of 1919, and knows the vast difference between the original promises and the actual performance.

As a commission, we inherited in 1923 a financial situation which has made progress on our important roads extremely difficult, and which is even now adding to the influence in favor of a division of the State. We have no desire to have part in perpetuating such a system of allocation of funds. If allocations for highway expenditure are to be made a matter of barter and trade, the Legislature should be responsible and not the Highway Commission. We want nothing to do with a political scramble, such as is involved in setting up a hasty allocation under the proposed gas tax, for $20,000,000 of expenditure.

Our recommendation since 1923, publicly advocated in every section of the State, has been that the Highway Commission should have use of a regular annual revenue, from which the State road work can be carried on in proper precedence of construction.

The people have defined the State highway system and have heretofore provided funds for construction. If the Legislature of the State is not willing to permit the Highway Commission to exercise the authority vested in it by law, it is a sad commentary on the progress of our State highway system in the past, which we believe is unsupported by public opinion.

The problems entering into the development of the highway system are so intricate that a complete allocation for a long period of time cannot be made on short notice. Were it to be made, it should be prepared over a period of intensive study, conducted for that purpose only, for several months preceding the meeting of the Legislature. The many projects occasioned by emergencies and disaster, desirable offers of financial cooperation from counties, and change in traffic conditions can not be foreseen three years in advance.

The supplemental budget of proposed highway expenditure given you by the Board of Control and endorsed by your unanimous vote upon the budget bill contains as specific data as the Highway Commission can agree upon at this time. If your honorable body desires more information than is contained in the supplemental budget, we refer you to our recent biennial report (pp. 155-159), and to the very complete report of the Highway Committee appointed on recommendation of the 1923 Legislature (particularly pp. 83-85).

The Highway Commission is not prepared at this time to reach an agreement as to definite allocations, and hence cannot furnish the specific data which you request, but if the Legislature provides funds for continuing the construction of new highways, the Highway Commission will as soon as possible thereafter prepare and publish a proposed program for expending these funds.

Yours respectfully,

HARVEY M. TOY,
LOUIS EVERDING,
NELSON T. EDWARDS,
California Highway Commission.
W. E. MIXON, Secretary,
California Highway Commission.
R. M. MORTON,
State Highway Engineer.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA,
SACRAMENTO, April 1, 1925.

To the Senate of the State of California.

Senate Bill No. 730 is returned herewith without my approval.

This bill confers on the State Board of Harbor Commissioners authority to acquire certain lands, seaward of the water front line of the city and county of San Francisco, by purchase, or by granting or exchanging therefor other properties of the state "upon an equitable basis." Conferring upon the Harbor Commissioners the right to decide what an "equitable basis" is, is in my opinion, an unconstitutional delegation of power. The fact that the same power is granted by an existing statute does not justify me in approving it in a revising enactment. But even if this were not true, no safeguards are provided for checking the transactions of the commissioners, as in other cases where the approval of the State Board of Control is required.

Section 5 of chapter 781, Statutes of 1921, gives the Harbor Commissioners all the authority they need in this connection, and, therefore, were not the bill objectionable for these reasons, it is unnecessary.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

Senate Constitutional Amendment No. 26 ordered to the Assembly.

SENATE CONCURRENT RESOLUTION No. 18.

Relative to the creation of a committee for the study of the blind, for the purpose of investigating institutions for the care of the blind in California, to recommend measures for the education and rehabilitation of the blind, and making an appropriation therefor.

WHEREAS, The State of California at the present time is devoting considerable effort, energy and expense in fostering humanitarian movements for the amelioration of groups of its unfortunate citizens; and

WHEREAS, In line with this adopted policy it is urgent that some effective and comprehensive effort be made for the blind of California to the end that increased effort be made for the prevention of blindness, for their education, reeducation, rehabilitation and for enabling the sightless to become self-sustaining and to take their places beside their more fortunate fellowmen as valuable citizens of this commonwealth; and

WHEREAS, Although the number of sightless within this State constitute only a very small proportion of our population, the amelioration of their condition presents comparatively speaking but a small problem; from the standpoint however of the calamity which has visited them, the handicaps under which they must live and work in their efforts to sustain themselves, and the many difficulties which confront them in their adjustment to happy lives and useful citizenship, the blind people of the State constitute a problem out of all proportion to the numbers involved, and one which every consideration of social justice and social conservation requires that the State shall make a special effort to meet, and meet in a complete, generous and efficient manner; and

WHEREAS, It is now recognized that in many cases blindness is a preventable and avoidable calamity resulting from natural rather than supernatural causes—many of its causes are controllable and, therefore, preventable, by united social action—therefore there rests upon the commonwealth a responsibility for attacking blindness at its source and for bringing to bear upon the task adequate resources, the best scientific knowledge, effective organization and intelligent leadership; and

WHEREAS, Measured solely in terms of its economic results, blindness is a costly social calamity, so much so that any continuous State program for its prevention and amelioration would be cheap in comparison and all money which may be devoted to creating and carrying into effect a competent program will be certain to yield continuous deferred dividends in a reduced social burden to the State and to increase the number of self-reliant, intelligent, self-sustaining and useful citizens; and

WHEREAS, It is recognized as a sound progressive policy that where any particular body of the citizenry is subject to an unusual calamity, and loss of sight is certainly one, the State as a whole should utilize some of its resources, public and private, to aid the victims and to make their burden less difficult to bear; and

WHEREAS, One becomes a desirable and valuable citizen in proportion as he is able to understand and enjoy his environment so that he may be happy, to support himself and those dependent upon him, so that he may not become a social parasite and to contribute to the well being of others, so that he may be useful; and

WHEREAS, The Legislature of the State of California believes that the most adequate and efficient method by which a system to ameliorate and better the condition of the blind may be accomplished is by the appointment of a committee for the purpose of examining into and studying the complete situation of the blind within this State and of making a full and complete report of the result of its examination and studies and to return their report to the Governor of the State of California, to be presented to the ensuing Legislature; now therefore, be it

Resolved by the Senate of the State of California, the Assembly concurring, That there be and is hereby created a "Committee for the Study of the Blind," which said committee shall be vested with full power to examine into, to study, and to make a report of the results thereof to the ensuing Legislature; be it further

Resolved, That within ninety (90) days after the adoption of this resolution the Governor of the State of California shall appoint three members to serve upon said committee without compensation; that said committee shall make a full investigation of all existing institutions, public and private, devoted to the care of the blind within this State, for the purpose of ascertaining what work is now being done for the blind; to examine and consider any and all proper suggestions regarding the prevention of blindness, the reeducation and rehabilitation of those afflicted, the caring for the indigent blind; the question of placement of the blind who are or who may become equipped and competent to enjoy productive occupations; and to examine into and consider any and all other matters or things in connection with or relating to the care of the blind, the prevention of blindness and the aid to and amelioration of the condition of the sightless; and be it further

Resolved, That said committee shall have the power to subpena witnesses, administer oaths and to examine such witnesses as may be necessary for the adequate prosecution of the studies of said committee; it is further

Resolved, That said committee be created for the general purpose of making a complete and systematic study of the situation of the blind within this State, to the end that said committee shall make a full and complete report of its investigations and shall make recommendations for adoption by the Legislature of an adequate, comprehensive method to put into operation an effective system by which the purposes expressed in this resolution may be accomplished; and be it further

Resolved, further, that the sum of $1,500 be and the same is hereby appropriated out of the contingent funds of the Senate and Assembly, one-half of said sum from the fund of each House, for the purpose of defraying the necessary traveling expenses of the members of the committee, for the employment of the necessary clerks and stenographers, and for such other expenses as may be necessary to the accomplishment of the work of this committee. All expenditures of every kind and character as above provided for shall, before being made, be sanctioned by the State Board of Control.

MESSAGES FROM THE GOVERNOR.

The following messages from the Governor were received and read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.
SACRAMENTO, April 1, 1925.

To the Senate of the State of California.

Senate Bill No. 738 is returned herewith without my approval.

This bill is closely related to Senate Bill No. 730 and should be considered in connection therewith. My objections to this bill are fully stated in my message to your honorable body withholding my approval of that measure, to which reference is hereby made. The Harbor Commissioners, under the present law, are authorized to exercise the right of eminent domain and there seems to be no practical reason for the enactment of this bill, which for the reasons set forth in my remarks on Senate Bill No. 730, appears to be unconstitutional.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

SUSTAINING GOVERNOR'S VETO.

The question being: Shall Senate Bill No. 738 become a law, notwithstanding the objections of the Governor?

The roll was called, and the objections of the Governor sustained by the following vote:

AYES—None.

NOES—Senators Allen, Baker, Boggs, Canepa, Creighton, Crowley, Dennett, Evans, Gates, Gray, Hollister, Hurley, Ingram, Johnson, A. B., Johnson, M. B., Kline, Lewis, Maloney, Murphy, Pedrotti, Powers, Sample, Sharkey, Slater, Swing, Taylor, Tubbs, West, and Young—29.

Also:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.
SACRAMENTO, April 1, 1925.

To the Senate of the State of California.

Senate Bill No. 765 is returned herewith without my approval.

This bill grants to the city and county of San Francisco a strip of submerged land now owned by the State for a public street, the only reservation being a right of way thereon for the State Belt Railroad. The power to abandon streets, no matter how the land may have been acquired, is vested in the city and county of San Francisco, and hence after title passes under the bill, the street proposed to be dedicated might be vacated by the city authorities and the land abandoned to adjoining property owners. Section 3 of article XV of the constitution forbids the alienation of tidelands to private owners, partnerships or corporations, and since such a result could emerge from the passage of this bill, I believe it to be unconstitutional. Certainly the Legislature is not empowered to do indirectly that which it can not do directly.

Respectfully submitted.

FRIEND WM. RICHARDSON, Governor.

SUSTAINING GOVERNOR'S VETO.

The question being: Shall Senate Bill No. 765 become a law, notwithstanding the objections of the Governor?

When requested by said board, the state treasurer shall prepare such number of bonds as may be requested, inserting upon the face of each of said bonds such interest rate as said board has determined and authorized, and when so prepared said bonds shall be sold and delivered as in this act provided. In the event that any bonds prepared as herein provided can not in the judgment of said state building finance board be sold at the time fixed for the sale thereof or thereafter, said board may withdraw said bonds from sale and direct the state treasurer to cancel and destroy the same and may at said time or thereafter at its option direct the preparation and sale, as herein provided, of the same or a different number of bonds, but not to exceed in all the amount herein authorized, and at the same or a different rate of interest, but not to exceed six per cent per annum, and it shall be the duty of the state treasurer to obey any and all directions of said board as herein authorized to cancel and destroy bonds and prepare and sell new bonds. In the event that bonds in addition to those directed in section two of this act originally to be prepared must be prepared in order to fulfill the provisions of the sentence immediately preceding this, such bonds shall be signed by the governor of the state, countersigned by the state controller, and indorsed by the state treasurer, who hold office at the time of the preparation of such additional bonds, with like authority and effect as if the same were signed by the governor of the state, countersigned by the state controller, and indorsed by the state treasurer who were in office on the second day of January, 1926.

SEC. 5. When the bonds authorized by this act to be issued shall have been signed, countersigned, indorsed and sealed, as in this act provided, the state treasurer shall from time to time sell such number thereof as the said state building finance board may direct, to the highest bidder for cash. The state building finance board shall from time to time issue such direction to sell such bonds as in the opinion of a majority of said state building finance board shall be deemed necessary or expedient, provided that said state building finance board shall issue to the state treasurer such direction immediately after being requested so to do through and by resolution duly adopted and passed by a majority vote of the regents of the University of California, provided that the total amount of bonds to be sold upon such request of the regents of the University of California shall not exceed in the aggregate bonds of the par value of six million dollars. Each direction of the said state building finance board requiring the state treasurer to sell bonds as herein provided shall specify what proportion of the proceeds of the sale of said bonds shall be paid into the California state buildings fund of 1925, and what proportion of the proceeds of the sale of said bonds shall be paid into the University of California buildings fund of 1925, which said funds are hereby created in and for the state treasury and shall be maintained therein so long as this act shall remain in force, as separate funds under the said names herein specified. In the case of each sale of said bonds directed pursuant to resolution of the regents of the University of California the state building finance board shall direct the state treasurer to deposit the proceeds of such sale in the state treasury to the credit of said University of California buildings fund of 1925.

Said bonds shall be sold in consecutive numerical order, save and except that the state treasurer may sell two or more bonds at the same time in one lot, which lot, however, shall be made up of bonds consecutively numbered, the first of which in number shall be the first bond in number yet unsold. The state treasurer shall not accept any bid which is less than the par value of the bond or bonds bid for and to the amount of the accepted bid there shall be added in each case as a part of the

purchase price to be paid by the bidder the amount of interest which shall have accrued on the bond or bonds bid for between the date of purchaser's payment for said bond or bonds and the last preceding interest maturity date. Each bid shall be in writing and signed by the bidder and sealed and shall be deposited with the state treasurer not later than the last business day preceding the date of sale. Each bid shall be accompanied by a deposit with the state treasurer either in cash or by certified check on a reputable bank within the State of California to the order of the State of California of a sum equal to one-tenth of the amount of the par value of the bond or lot of bonds bid for. Such deposit of each unsuccessful bidder shall be returned to him immediately upon the rejection of his bid and such deposit of the successful bidder shall immediately upon acceptance of his bid become and be the property of the State of California and be placed in the state treasury to the credit of the California state buildings fund of 1925, or the University of California buildings fund of 1925, or part to the credit of one of said funds and part to the credit of the other of said funds, as may be appropriate and required by the direction of the state building finance board as hereinbefore provided, and shall be credited to the successful bidder upon the purchase price of the bond or bonds paid for in case such price is paid in full by him within the time hereinafter prescribed. At the time of sale the state treasurer shall open said bids and accept the bid of the highest bidder for cash, save and except that no bid shall be accepted which shall be lower in amount than the par value of the bonds bid for and that the state treasurer shall reject all bids if instructed so to do by the state building finance board. The purchase price of the bonds sold shall be payable within ten days after the acceptance of the bid therefor, and if not so paid, the successful bidder shall have no right in or to said bonds or by reason of said bid or to the recovery of said deposit accompanying said bid or to any allowance or credit by reason of such deposit. In case the purchase price is not so paid, the bonds so sold but not paid for shall be re-sold by the state treasurer upon notice as hereinafter provided in case of original sale. Bonds sold shall be delivered to the purchaser immediately upon and not before the payment of the purchase price therefor. Before delivering any of said bonds, the state treasurer shall detach therefrom all interest coupons which have matured before the date of the payment of the purchase price therefor. The state treasurer may by public announcement at the time and place fixed by him for said sale continue such sale to such time and place as he may at the time of said continuance designate. When a sale is continued no notice thereof need be given other than the public announcement of such continuance by the state treasurer as just hereinbefore provided. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised.

Each and every amount that shall have been paid in any sale of the bonds herein authorized as accrued interest on the bonds sold shall be, by the state treasurer, immediately after such sale, paid in to the treasury of the state and placed in the fund hereinafter mentioned, to be known as the "Interest and sinking fund of the California state buildings and state university buildings bonds".

PRESENTATION OF PETITIONS—(OUT OF ORDER).

The following petitions were presented out of the regular order, and ordered printed in the Journal:

By Senator Kline:

To the Honorable Chester M. Kline, Senator,
State Capitol, Sacramento, California.

We, the undersigned, residents of your district, desire to register our vigorous and emphatic approval of Assembly Bill No. 878.

As taxpayers, we realize that any injury to a fundamental agricultural industry is an injury to the economic welfare of our people.

The unrestricted sale of a product called "oleomargarine", carrying 82 per cent of cheap vegetable oils, and offered to the public as a satisfactory substitute for American butter, is encroaching on the legitimate pursuits of our dairy farmer.

It is essential for the protection of the health of young and growing children that parents should be advised of the true nature of the product offered under the name "oleomargarine".

We therefore respectfully urge you to give your earnest support to Assembly Bill No. 878, to vote for it yourself, and to explain to others the deep injury that will be done to California's most important agricultural pursuit, if the sale of this cheap by-product of cocoanut and other tropical plants is not carefully regulated.

The unrestricted sale of a product called "oleomargarine", carrying 82 per cent of cheap vegetable oils, and offered to the public as a satisfactory substitute for American butter, is encroaching on the legitimate pursuits of our dairy farmer.

It is essential for the protection of the health of young and growing children that parents should be advised of the true nature of the product offered under the name "oleomargarine".

We therefore respectfully urge you to give your earnest support to Assembly Bill No. 578, to vote for it yourself, and to explain to others the deep injury that will be done to California's most important agricultural pursuit, if the sale of this cheap by-product of cocoanut and other tropical plants is not carefully regulated.

By Senator Taylor:

March 15, 1925.

Honorable Will C. Wood, Superintendent, Public Instruction,
Department of Education, Sacramento, California.

MY DEAR MR. WOOD: I would thank you very much if you will, at a very early date, give me information on the following:

1. Total amount paid for high school books in 1924.
2. Total amount paid for copyrights for same period.
3. Does the State or various school boards pay for books?
4. Are the high school books furnished free to schools, as elementary books, or are they paid for by the parents?
5. What proportion of high school books can be printed in the State printing office?
6. How the State separates itself from the copyright charge and what legislation is necessary, if any.
7. Would it be feasible to invite authors to revise and reduce the high school publications to a less number where the State would own the copyright and in some way reimburse the authors for their services rather than through the copyright plan?

Any other suggestions you may give me along the above lines will be very much appreciated.

With kind regards, I am sincerely yours,
(Signed) CADET TAYLOR.

STATE OF CALIFORNIA, DEPARTMENT OF EDUCATION.
SACRAMENTO, March 18, 1925.

Honorable Cadet Taylor,
Senate Chamber, Sacramento, California.

DEAR MR. TAYLOR: In response to your letter of the sixteenth asking for certain information, I wish to offer the following:

1. Total amount paid for high school books in 1924, $673,713.49 was spent on libraries. This includes all library expenditures, such as reference books and other necessary library equipment. We do not have the figures for textbooks alone.

2. Total amount paid for copyrights for same period. High school books are purchased from the publishers by the school district. Therefore, there is no amount paid for copyrights.

3. Does the State or various school boards pay for books? All high school textbooks are purchased by local districts. No money is expended from the State fund for that purpose.

4. Are high school books furnished free as elementary books or are they paid for by the parents? High school books are furnished free to the pupils by the school district. They are not paid for by the parents.

5. What proportion of high school books can be printed in the State Printing Office? None can be economically printed in the State office, as the only advantage in State printing is where books are used in great quantities and are not technical in their nature. The present method is to list various books on the same subject and permit a choice to be determined by the high school district.

6. How can the State separate itself from the copyright charge, and what legislation is necessary, if any? Section 7 of article IX of the constitution provides in part as follows: "Said board shall provide, compile, or cause to be compiled, and adopt a uniform series of textbooks for use in the day and evening elementary schools throughout the State." Section 1519b of the Political Code is framed in accordance with this requirement of the constitution. It is not absolutely necessary that copyrighted material be secured for textbook purposes. In previous years some material was purchased outright from the authors and publishers by the State, but in the majority of cases the State Board of Education has considered it wiser to purchase plates of texts which have already been tried, thus requiring the State to pay a royalty to the publishers. All of this you will understand is in connection with elementary textbooks.

7. Would it be feasible to invite authors to revise and reduce the high school publications to a less number where the State would own the copyright and in some way reimburse the authors for their services rather than through the copyright plan? Authors who have been successful in the publication of textbooks have found it to their advantage to have their books published for general circulation throughout the United States and undoubtedly would refuse to limit themselves to the preparation of material for California high schools. The books which are used in the high schools today are purchased at the lowest prices for which these books are sold

anywhere in the United States, and the local district or the State does not pay a copyright price in addition.

I trust I have made clear that the method of publication for elementary school books and the purchase of high school books are two entirely different plans which should not be confused.

Very truly yours,

SAM H. COHN, Deputy Superintendent.

P. S.—I have responded to your inquiry in place of Mr. Wood, owing to his absence from the office.

GLASSELL PARK SCHOOL,
LOS ANGELES, CALIFORNIA, April 1, 1925.

Members of the California State Legislature,
Sacramento, California.

LADIES AND GENTLEMEN: As voters, we, the teachers and friends of education, urge your consideration and support of the following recommendations:

Deuel Bill (Assembly Bill No. 1128). We oppose the passage of this bill, which seeks to create a double-headed system of State education; and delegates to an appointed official the control and responsibilities vested by the constitution of the State of California in the Superintendent of Public Instruction duly elected by the people.

Deuel Constitutional Amendment (Assembly Amendment No. 31). We vigorously oppose this amendment, which takes away from the people all right to vote on the educational affairs of the State. We object to having a State Superintendent appointed by appointees of a Governor; and insist that the people of the State should retain electoral control of the State educational system.

Jones-Harris Constitutional Amendment (Senate Amendment No. 34). We advocate the adoption of this Constitutional Amendment. Through it the people of the State of California retain their electoral control of the educational system, by electing the State Board of Education which appoints the State Superintendent of Public Instruction. The responsibility for public education thus remains with the people, where it has heretofore been vested, and where it properly belongs.

By Senator Ingram:

WHEREAS, Death has removed from his earthly labors J. A. Filcher, whose services to the State of California extended over many years of constructive legislation and beneficial measures of industrial and economic value to this commonwealth, be it

Resolved, That when the Senate adjourns today it does so in respect to his memory, and that a tribute of respect be printed in the Journal of the Senate.

MR. PRESIDENT: Joseph A. Filcher was one of those stalwart Argonauts who prepared the path of civilization in this great State.

His first activities were in the newspaper profession where, for many years, he edited the Placer Herald at Auburn, the oldest newspaper in the State of California. As the mining industry dwindled in that county it was his foresight and vision which transformed that once famous mining county into the leading deciduous fruit county of the State and the orchards in their present bloom stand as a flowering monument to that vision and foresight and will perpetuate his memory to the people of California in the future.

He was very active in State affairs and was a member of the Senate of the Twenty-fifth and Twenty-sixth Sessions of the Legislature. He was the last survivor of the second State Constitutional Convention, which assembled in 1879. He served as a State Prison Director and was also a Presidential Elector in California in 1892. He served as a representative of California in many of the international world expositions and was instrumental in forwarding California's interests in those expositions, to the credit of the State.

As secretary of the State Agricultural Society his broad views and advanced methods placed that department of our State on an upward plane and much of its present success is due to the broad foundation he laid as secretary of that society.

As a citizen of California he was in the foremost rank and the evidences of his constructive work and extraordinary ability are manifest on every side, and the pages of history of this great State record many deeds that will remain to his memory as being one of the foremost citizens this State has produced.

He lived an upright and honorable life for 79 years and in his passing the State of California loses a progressive and constructive citizen, whose place it will be hard to fill.

To the family of the late Joseph A. Filcher the Senate extends its condolences and comforts, with the thought that he was a true and faithful servant to the State of California, upright in his dealings with his fellow-man, and with sorrowing hearts we extend our sincere sympathy to his family and many friends.

PRESENTATION OF PETITIONS—(OUT OF ORDER).

The following petitions were presented, out of their regular order, and ordered printed in the Journal:

By Senator Kline:

To the Honorable Chester M. Kline, Senator,
State Capitol, Sacramento, California.

We, the undersigned, residents of your district, desire to register our vigorous and emphatic approval of Assembly Bill No. 878.

As taxpayers, we realize that any injury to a fundamental agricultural industry is an injury to the economic welfare of our people.

The unrestricted sale of a product called "oleomargarine," carrying 82 per cent of cheap vegetable oils, and offered to the public as a satisfactory substitute for American butter, is encroaching on the legitimate pursuits of our dairy farmer.

It is essential for the protection of the health of young and growing children that parents should be advised of the true nature of the product offered under the name "oleomargarine."

We therefore respectfully urge you to give your earnest support to Assembly Bill No. 878, to vote for it yourself, and to explain to others the deep injury that will be done to California's most important agricultural pursuit if the sale of this cheap by-product of cocoanut and other tropical plants is not carefully regulated.

C. R. COURTNEY,
And 7 others.

PRESENTATION OF PETITIONS.

The following petitions were presented, and ordered printed in the Journal:

By Senator Sample:

To the Honorable Ed. P. Sample,
Senator of the Fortieth District,
State of California.

We, the undersigned, residents of your district, desire to register this vigorous and emphatic protest against Assembly Bills Nos. 408, 810 and 878.

Nos. 408 and 810 entirely prohibit the manufacture of margarine and remove from the market a product which we have found nutritious and healthful and desire to continue to buy; they are also the forerunners of dollar butter.

No. 878 imposes a tax of four cents per pound on margarine. This tax would have to be paid by us who are consumers. No good reason for adding this tax has been suggested.

These three bills are introduced solely for the benefit of the butter interests. Not one of them would help the average wage earner who knows that margarine is a good, wholesome product and is glad to be able to buy it.

HARRY FREEMAN.
And 1150 others.

By Senator Allen:

Members of the California State Legislature,
Sacramento, California.

LADIES AND GENTLEMEN: As voters, we, the teachers and friends of education, urge your consideration and support of the following recommendations:

Deuel Bill (Assembly Bill No. 1128). We oppose the passage of this bill, which seeks to create a double-headed system of State education; and delegates to an appointed official the control and responsibilities vested by the constitution of the State of California in the Superintendent of Public Instruction duly elected by the people.

Deuel Constitutional Amendment (Assembly Amendment No. 31). We vigorously oppose this amendment, which takes away from the people all right to vote on the educational affairs of the State. We object to having a State Superintendent appointed by appointees of a Governor; and insist that the people of the State should retain electoral control of the State educational system.

Jones-Harris Constitutional Amendment (Senate Amendment No. 34). We advocate the adoption of this constitutional amendment. Through it the people of the State of California retain their electoral control of the educational system, by electing the State Board of Education which appoints the State Superintendent of Public Instruction. The responsibility for public education thus remains with the people, where it has heretofore been vested, and where it properly belongs.

LADIES AND GENTLEMEN: As voters, we, the teachers and friends of education, urge your consideration and support of the following recommendations:

First. The constitutionality of the present Teacher Tenure Law is being questioned. Assembly Bill No. 1120 amends this law to conform with constitutional requirements. We consider an operative Teacher Tenure Law vitally necessary to the educational welfare of the State, to safeguard the children of the State against a return of the old and vicious system of changing teachers for purely political reasons.

Second. As the Retirement Act is now under investigation, until the findings are made known, we request that the Assemblymen and Senators hold in abeyance all action upon the law, either through a new bill or an amendment to the one now on the statute books.

Third. We believe the Deuel Bill to be subversive of our democratic ideals as a sovereign people, who believe in a government administered through officials duly elected by the people and responsible to the people alone.

This bill separates the educational interests of the State, and creates a double-headed system, whereas the aim of educational legislation should be unification.

It makes the Governor of the State, through his appointive power, virtually a dictator of education.

It reduces the position of the State Superintendent of Public Instruction to that of a supernumerary, compelled to take and execute orders without right of initiative or judgment, resulting in the serious crippling of the work of his office.

Believing strongly the above statements, we hereby urgently request the honorable members of the California State Legislature to demand and support legislation in accord with these recommendations.

DISTRICT NO. 140.

The Honorable Newton M. Allen,
State Senate, Sacramento.

We, the undersigned, citizens and teachers in the Los Angeles public school system, desire to call your attention to the urgent need of carrying the proposed amendment to the tenure law.

We feel that for the cause of education generally and in simple justice to the teachers of California this amendment should be carried, making the tenure law constitutional.

We urge you, as a public-spirited citizen, working for the best interests of the schools and school children, to cast your vote for the tenure law.

Thanking you in advance for your cooperation, we remain,

Yours truly,

JESSIE KENDRICK,

DEAR SIR: We, the undersigned, are decidedly opposed to the Deuel Bill (Assembly Bill No. 1128) and especially to the Deuel Constitutional Amendment (Assembly Amendment No. 31).

PASADENA, CALIFORNIA, April 5, 1925.

Senator A. B. Johnson,
State Senate Chamber, Sacramento, California.

We, the undersigned retail grocers, sell sixty to seventy per cent of our patrons nut margarine either for table use or cooking, which Assembly Bill No. 878 proposes to tax. This measure is injustice and against the principles upon which you were elected. In fairness to your constituents in this vicinity who are consumers of nut margarine we ask that you do everything possible to defeat this bill.

WM. LIND,
And 19 others.

By Senator Kline:

To the Honorable Chester W. Kline, Senator,
State Capitol, Sacramento, California.

We, the undersigned, residents of your district, desire to register our vigorous and emphatic approval of Assembly Bill No. 878.

As taxpayers, we realize that any injury to a fundamental agricultural industry is an injury to the economic welfare of our people.

The unrestricted sale of a product called "oleomargarine," carrying 82 per cent of cheap vegetable oils, and offered to the public as a satisfactory substitute for American butter, is encroaching on the legitimate pursuits of our dairy farmer.

It is essential for the protection of the health of young and growing children that parents should be advised of the true nature of the product offered under the name "oleomargarine."

We, therefore, respectfully urge you to give your earnest support to Assembly Bill No. 878, to vote for it yourself, and to explain to others the deep injury that will be done to California's most important agricultural pursuit, if the sale of this cheap by-product of cocoanut and other tropical plants is not carefully regulated.

And 72 others.

WHEREAS, Senate Bill No. 178 and Assembly Bill No. 298, providing for the organization of municipal water districts in the State of California are now pending in Legislature of the State of California, and

WHEREAS, These bills provide for the creation and organization of municipal water districts, which have the right of eminent domain, with the right to condemn and take for public use, the water supplies of mutual irrigation companies, upon which the farming and citrus districts in Southern California are entirely dependent for their irrigating water, and

WHEREAS, These bills contain other features which would be dangerous to the best interests of the horticultural and agricultural districts of Southern California and would place the control of any districts formed, entirely within the larger centers of metropolitan population, which have no knowledge of the needs and conditions in the rural districts; therefore, be it

Resolved, By the Board of Directors of the Fullerton Chamber of Commerce that this board oppose the passage of said bills; and be it further

Resolved, That a copy of this resolution be sent to State Senator Chester M. Kline and Assemblyman S. C. Hartranft, representing this district.
